the priests, the religious men and women, and all our brothers to forward the news about these witnesses, because of the limitedness of the books we have printed, or you can read it at our website [www.hatiibuyangbahagia.org](http://www.hatiibuyangbahagia.org) or [www.heartoftheblessedmother.org](http://www.heartoftheblessedmother.org)

**"Once again we witnessed that everything was true whatever we have conveyed in this book, and the rest we would like to offer it to God and the Blessed Mother Mary."**

Some citations of the Bible can be used for our reflection together:

"Never try to suppress the Spirit, or treat the gift of prophecy with contempt; think before you do anything hold on to what is good".  
(1 Thessalonians 5: 19 -21)

When some doubts are found about what we are conveying, Mother Mary always gives her advice to us "bring them in prayers, pray to God, so that God Himself will give the understanding to all of us".

"You have been warned about this, my friends; be careful not to get carried away by the errors of unprincipled people, from the firm ground that you are standing on. Instead, go on growing in the grace and in the knowledge of our Lord and Savior Jesus Christ. To Him are glory, in time and eternity. Amen. (II Pet 3: 17,18)

Lord Jesus' Love and Grace, and the prayers of the Blessed Mother Mary are always with all of you.

## THE ENDING

The special Mission of The Community of Charity Services of the Blessed Mother who was accompanying Agnes Sawarno in carrying out her mission from Mother Mary to European countries has ended. All was accomplished by faith. We witnessed that in reality all that had been experienced by Lucia, Francesco, and Jacinta in 1917 during the apparition of Mother Mary was repeated again at the time we were present at Fatima on 13 May 2005. Mother Mary appeared and accompanied by enchanting signs of the sun, rainfalls, cold winds, heat, and thunder peals, even a double rainbow. We were given the understanding that the signs were repeated, to re-echo the messages by Mother Mary to Lucia, especially about the purification of the world, which is on the way, and it will reach its climax by the three days of darkness. When we return to our country, we would continue again our mission, i.e. to work together with Mother Mary.

**We were also suggested to witness the hope of heaven to convert God's children wholly to return to God and in order that the priests would work together with Mother Mary to seek and to save the lost ones.**

**We were also asked to forward the messages to the highest leader of the Catholic Church about the hope of heaven to reconsider "some of the decisions of the Church", which were influenced by the world spirit that had caused a lot of God's children to neglect and even to leave Lord Jesus. Actually Lord Jesus Christ is God, and the Only One. There is no other Salvation except through Him, because He Is the Salvation itself. After He had ascended to heaven, He never sent down another way of Salvation. Any other teaching beyond this teaching has come from the world. Whoever believes in Jesus as God, he will be saved, and whoever does not, will be lost together with the world.**

Thus were the Witnesses and reports about our mission to Fatima and other places as from 10 - 22 May 2005, all are presented as they were. Up to this moment, there have still been quite a number of things we ourselves have not understood completely yet, but because we did all that in faith, we were sure that God would finish and perfect this work. We also asked the willingness of the Archbishops, Bishops,

My children, my sadness is because the time is so close. But I believe, God is Merciful and my children will be saved; they who are gone will be returned, found by His Power. That I believe. God will do that to my children, to His children all over the world. This you have to believe, for this plan is written in your Bible and will be declared by God because a lot of men are falling into sins, and many of my children leaves God. God will not wait too long to finish this world."

"My children, it will be very soon for you to face the heavy sufferings in your country. That will happen. If you are not in one heart and one soul in your family, and with your brothers, and you who serve, I truly do not want you all to suffer in that event. This is my wish, my children. This is the critical moment, which is very deep, very important that I told you about. That will be very hard!

If you do not keep together, you will suffer more heavily later. Come closer, my children, come closer to God. That is what is important for you. This is the truth, if I might ask God to delay, just for a bit of time. But there's no more time, it is time my children, this cannot be delayed anymore. I ask you to convey this Truth and also to your priests. Don't be afraid and worry, let God's Mercy be on them when you convey this Truth. Will you do this?"

"This is also my greeting to Agnes, for it is quite heavy for her. She is now being asked by God to accept the Living Cross, in one bond with God, to be conveyed to you, so that this sign will change you and to be a good son and remain faithful to God, even though you suffer from all the troubles in your life, you stay close to God.

God is the Cross. The Living Cross that saved you, so that you will get to end in happiness. God is the Living Cross and the Light. He is your God who created you, saved you, came down to earth in every way; He did that for it is His Plan, the world cannot give that and hold off what has been His Will. Everything has to happen, that is why He came down to earth so that God, the true Living Cross, can be accepted in men's live, like you, my children. This is what I tell you tonight, in order for you to understand, deeper in your faith and your belief and loyalty to God and not to be loosen again. Everything is there, whatever event to come to this world; you will stay in one heart and one soul with God, bond in one heart and one soul with your brothers, in your family and in this community. Do you understand?"

accepting Me in your life. This is the truth that you have to listen from Me.

The wood is only a way for Me. I created Israel because I have a plan for My Presence. But you also accept Me in your life even though you are not Israelites, but the salvation is for all mankind I created on this earth. Do you understand?

Thank you; thank you. You do understand. Good, I want My Children to return to Me in these last moments. Therefore, I send your Mother to work with you. I can, I can take them all by My Power, but that is not what I have planned. I have given mankind lives. I provide lives for the people, in order for them to be aware of their lives and come to Me, then My Power will be with all of My children."

Hey you, through My Power I can do all that. But not that! I want your full awareness to come to Me. This is I!"

#### **Citation of the message by Mother Mary in the Recollection at Ambarawa, Central Java on 4 December 2005**

"Thank you. For you to understand, Lucia is not among you anymore. Now I give this assignment to Agnes, in order that Agnes can convey my heart-content, so that my children will be ready to face this purification. I also gave Lucia to you, just as I give Agnes to you.

My children, so big are the world's powers that the words and heart-content of heaven are difficult to be heard. This is what saddens me.

I have come many times to convey my heart-content to my children. Especially to Lucia, even Lucia could not finish it because the priests hid themselves with all those messages, as if there were no messages of mine. It was time for Lucia to pass away. That is why I unite Agnes in my journey with Lucia, so that my messages are conveyed again to you, all of you. The messages are kept into safety by your Highest Priest, and also by your priests who understand my heart-content about the purification, because they are afraid of the world. But I will not sit still, that is why Agnes is prepared to be the last to convey this Truth.

My beloved children, accept what I told you at this moment. Ponder it! This is true! No regrets, when the time comes and you still do not understand. And I ask you, convey this to them, especially to your priests. Do not you worry, my prayer are with you. **And also, tell your Highest Priest to open the message and declare it to the world about the purification.**

## **FOREWORD**

Since 1995, Lord Jesus and the Blessed Virgin Mary have been present and actually working in Indonesia. It began with the event of the apparition of the Blessed Mother Mary at Sendangsono (*Marian shrine in central Java, Archdiocese of Semarang, Indonesia*) to Agnes Sawarno (*Indonesian visionary*) at the time she was 49 years of age, an ordinary housewife, married to an army officer called Tarsicius Sawarno. For the mission together with the Blessed Mother Mary, she had been prepared far before, i.e. for 24 years long by Lord Jesus Himself.

The important message conveyed by the Blessed Mother Mary was about **conversion; it was meant to make all God's children having reconciled completely return to the heavenly Father and prepare themselves facing the purification of the world that would culminate in three days of darkness which will cover the whole world.**

The messages, as conveyed by Lord Jesus as well as by the Blessed Mother Mary, were delivered in a 'unique' way, i.e. a new way, which had never been used before. The messages were delivered instantly, whereas Mrs. Agnes was only acted as a 'microphone'. In that way, all the people present at that moment were able to hear for themselves, whatever conveyed. Agnes was completely empowered by God's Grace. Beside that, Lord Jesus also used Agnes' physics to move, to touch people, to bless, and so on. She did not know whatever she said at that moment, even though she was physically aware: she could move kinetically to support her expressions, and she could also walk and touch other people, and so on. This way was used because the time has been too short, and in this way the messages were spread out much more quickly.

Mother Mary presented herself as the Blessed Mother (*in the Community of Charity Services of The Blessed Mother, Mother Mary made herself clear that She had come to Indonesia as Mother for her children. She wanted to be called Mother by all her children, and she wanted to be called as such as Lord Jesus gave her at the foot of the cross, John. 19:26-27c; Lumen Gentium 62*). In May 1995, she established a Community of Charity Services of the Blessed Mother, representing as instruments to spread the messages as given through Agnes Sawarno by Lord Jesus as well as by Mother Mary. Mother Mary

said that the messages concerning the world purification had been informed also to her other children, especially at the event of apparition of the Blessed Mother Mary at Fatima, Portugal 1917, to the three little shepherds: Lucia, Francesco, and Jacinta, i.e. part of the third Fatima secrets, which had not been made public yet by the Holy See. The messages concerning the world purification passed on through this community had always been given in connection with the secret messages to Lucia.

At the beginning, the messages of Mother Mary through Agnes Sawarno were only directed to her children in Indonesia, until Sister Lucia, one of the three little shepherds who had seen the apparition at Fatima, and the only one who had a long life, passed away at the Carmelite Convent in Coimbra, Portugal, on 13 February 2005, at the age of 97. On 14 February 2005, the grace of God accompanied the spirit of Sister Lucia visited Agnes at her home in Cimahi, Diocese Bandung, West Java, Indonesia, and through spiritual locutions invited Agnes to visit Fatima. The invitation was repeated again on 17 February 2005, in the same way as before. In responding to the invitation, primarily the members of the Community and the supporting priests were suggesting two alternatives, i.e. to visit Fatima on 12 or 13 May or October, which are the traditional dates of the pilgrimage to Fatima, so far.

Saint John, the Apostle, who is the spiritual leader of Agnes and the Community of the Charity Services of the Blessed Mother, exhorted that the visit has to be made, the sooner the better, in order that the European people would get the sign for their repentance before the purification of the world takes place. If Agnes and the Community did not come there earlier, the European people would not come to know about the warning sign to prepare themselves, but instead they would directly experience the climax of the purification, i.e. "the three days of darkness". During the weekly Prayer of Longing for God of this community in Cimahi on 18 February 2005, Mother Mary also said that the visit to Fatima had to be made as soon as possible. Europe and the world would receive the sign, given by the heaven at Fatima, so that more people would be saved. Mother Mary sent Agnes Sawarno and the Community to convey the prophecy about the presence of this "sign", and to become witnesses of the event at Fatima during their visit. So the task delegated to the Community which was at the beginning limited to

faithful. For faith is I, the one you believe in. I will protect you all. I will tell the world, I Am the Almighty. Devil will fight against you in this world, but I Exist and Live and I Am Close to you, therefore bring yourselves closer to Me so you will not lead yourselves into temptation from the devil. You know, the time will come; you will be in the eternal place forever.

Ponder the things I have told you about! Ponder it...! Be closer to Me and be good in your lives. You are the witnesses of this Truth."

I Am telling you Alexius: **"Convey My Will soon! Convey to your Highest Priest that I Am the Way of Salvation! There is no other way!"**

Do not be afraid, I will be with you in your journey with your Mother. It was I who sent down your Mother to this earth, for this Truth will disappear because of men's will with the world. But I do not sit still. This is My Way, I can talk to you, I am in heaven, and through this child I convey My Heart-content. This is the last moment for the world.

Go, and go to serve and save them! I will give My Mercy to those who open their hearts. This is I. Look! I am with this child. It is not this child, who says the words, but I. It's not enough, it has to be this way... I open your heart in this way... Let the priests flare up emotionally because of My Presence with this child. Look, and I will wait; will they judge this child? You will be the witnesses. No one will harm this child, for I Am with her; and you go and convey this Truth immediately. Don't you delay to tell about all this. Don't you stand still but work and serve! Remember, the time is very short for the world! Remember My Words. Don't be surprised when those sufferings come among you for I have told you about this already. This shall be your power for you have heard of it before. Do you understand?

Good, that you understand. All right! I came; I have talked a lot, I have told you about the Truth so that men will have their way to come to Me. If I did not start, where would you go? You will not get to the end. But that is not My Plan. I created you, I finished that, I keep a watch over you, I accept you, and I give you. But they who believe accept it. Those who do not believe, are useless to live, and useless for them to die for the death is meaningless.

I have given you this Living Cross to this child, in order for you to see and feel and remember the way I came. This child is the witness. I Am the Cross. I Am...! I planned it. I gave it. It is I. I, and I! If you are willing to take the Cross, I will be with you, meaning, that you are

Be faithful! Do not give your heart to the world. Do not you try to find powers from the world. Well, you who believe in Me, trust Me completely. Do not let yourself be deceived by the world. Woe to you!

I have come, do you know? I've made this child to be a witness for you. Have you forgotten the meaning of faith, and your faithfulness has been made everlasting in this world. I Am the Cross, do you understand?

Whoever does not accept the Cross, will be destroyed together with the world. The Cross is Me Myself who have been bond with you. This is I. I Am as I Am, and I do not change, all My Plans are eternal, till I come to this earth. Whoever believe, he will be saved, only I who can save you.

Well, my children, I am telling you today, and ponder them! I ask for your faithfulness, be faithful until I purify the world. That has to happen. That has to happen and happen. What ever is conveyed is true. That is not from them. Whatever is conveyed comes from Me. Look, what do you see in this earth, the world, what has happened to the world... That is the beginning. Are you still faithful to Me?

Suffering will come. That suffering will come among you. Are you still faithful?

Do not deny! Peter...! He denied. He wanted to be faithful. His faithfulness had not been complete. You will also experience it later. If you were to suffer, you would turn from Me. You would turn. I ask for your faithfulness in your sufferings. I will come to save you, with the suffering I planned for your happiness. I will not neglect you. I have created you. No...! I am responsible for all your plans but for those who believes."

I Am telling you Alexius (*priest who brought of recollection*): **"No! All their decisions are wrong! They dared to deny My Word because of the world, afraid of the world.** And once again, Alexius, I ask you to tell them what I want. **Tell them I Am the Way of the Truth and Salvation. You who believe will be saved, but who does not believe will die uselessly. I no longer send down any other salvation to this earth until I come back to be Judge of the mankind."** Do not you believe such a thing, as it is the decision men made, but deceived the people." (*In the Second Council of Vatican, red.*)

"You will soon experience a lot of sufferings, but keep on being

her children in Indonesia, now is to include the whole world, **ECHOING ONCE AGAIN AND PASSING ON THE MESSAGES OF SISTER LUCIA, she** accepted from Mother Mary. The 'signs' to be given to the world would be the same as the signs accompanying the apparition of the Blessed Mother at Fatima in 1917 to Lucia, Francesco, and Jacinta.

Before leaving to comply with the assignment of this mission, the Community of Charity of Services of the Blessed Mother had issued a written testimony in the form of a booklet entitled "THE MIRACLE OF THE SUN IS PERFORMED AGAIN and THE PURIFICATION IS NEAR". It was meant to communicate the prophecy about the repetition of the event of the 'signs' happening at the time Agnes Sawarno and the Community were at Fatima, just as Mother Mary promised. The report of the mission with the title "MUJIZAT KEMBALI TERJADI DAN PUNCAK PEMURNIAN DUNIA SUDAH SEMAKIN DEKAT" was our second booklet (*first edition Indonesian language*) and **"THE MIRACLE HAPPENS AGAIN AND THE CLIMAX OF THE PURIFICATION OF THE WORLD IS EXTREMELY NEARING"** (*translated to English from the second edition of the Indonesian language to be published in March 2006*) illustrating our testimony and experiences as they were, with full awareness that the pilgrimage would have really been a spiritual mission we faithfully made, although it was sometimes not fully understood by us. At the second edition, we added a new understanding from Mother Mary and some messages that are very closely related with this mission and that we got it afterwards, after the first edition was published.

As to our witnesses, we would fully be relying on Jesus, our Lord and God, and to the Blessed Mother, who sent and accompanied us during the mission, being one heart and one soul with us.

Jakarta, 12 January 2006

## BACKGROUND OF THE MISSION

Soon after the death of Sister Lucia, Agnes Sawarno and the Community of Charity Services of the Blessed Mother received a new assignment from Mother Mary to continue Sister Lucia's assignment, which was already started together with her. The citations of the messages of Mother Mary about it were as follows:

"My beloved children, this is my real sadness in these last moments ... I have to take along my children to be saved from this earth. You have heard that Lucia has been happy in heaven, but she keeps on working with me to pray for my children on this earth. Now it is Agnes, who is to continue this spiritual journey. I will bring her to be my witness in this world. Whatever was given to Lucia from me would be repeated through Agnes. Pray for her! I will take along this child with me. The world cannot prevent me, this is the last chance for the world."

"Tell this to the priests who are accompanying Agnes. Prepare well to accompany her; I will take her to be witness to the world. As the last... I will ask God for the miracle, as given to Lucia. This assignment is quite heavy for Agnes. The world, and her mates who do not understand this, will be against her, but this child has been sufficiently prepared by God, and by The Divine Providence, as it is mentioned in your Bible."

"My children! Work together properly. My greetings to Isak Doera, Alexius, Heribertus, and all of them who believe in God's presence and mine, your Mother, in your country. Tell them to accompany Agnes to witness the repetition of the important events together with Lucia, which I gave to those in the far away places."

"Give my love to Agnes! Tell her not to be afraid. God will be with her. Heaven also prays for her mission to convert many people. Those are the last moments! Last moment, indeed! And that will happen in the other continent outside your country. This is what I say to you. The time is closely nearing. Prepare yourselves well. Believe me, there is only one God, and that is your God in heaven, Father who has given you life up to now. Well, this is my message for Agnes, and for all of those, especially the priests who will be accompanying Agnes, and I will be with you over there, and I will wait for you there until that event happens again to my children over there together with Agnes. This is the important message I give you". (18 February 2005)

"All right, I will tell you that Lucia has been happy with me. It was to her that for the first time I conveyed what was in my heart about **"the world purification"** according to God's plan. This has been written in

is present to determine the follow-up of the condition of the sick man, whether he will be better from his sickness, or he will keep on living or die at that time, everything depends upon God's Hand. All of the priests are assigned to make the sick man ready spiritually. If the postponement done by the priest causes the sick man to die in the condition of sinfulness, the priest will have to bear his sins, that is why a Priest receives his calling and is sealed with the Sacrament of Holy Orders.

### Citation of the message by Lord Jesus in the Recollection at Ambarawa, Central Java on 4 December 2005

"This is the time I talk. This child I have called for you in order for you to understand that I Am with you in **many ways of Mine**.

The world..., the world... has misled many people. I have come; I come to this earth to meet whoever I have created, but they deny Me. This is the last moment for you. This is the content of My Heart, I Am speaking from heaven through this child so that you can hear Me. This is My Heart-contents.

Do not you ever say that this child is deviated. The world cannot make her go astray, because it is I who calls her. I gave her to you to let you know that I exist and I am present and never extinct. I Am the Life! I Am the Living Spirit. I ask you to come in spirit, please pray in spirit for you to come and meet Me.

My beloved children do not say that this child is deviated. I have taken her from the world; I have saved her from this world, and this child is to be a witness about the truth and the world. Because there have been deviators in mankind. Deviations indeed exist, but woe to those who cause deviations, especially you; you have been saved in My Name Jesus. I am telling you, up to now there is no one who can take away this child. Do you understand?

The world...! The devil is fighting against this child because I am with her and I've provided her as I did to your apostles.

Do not say that 'I am God, I am here, I am there', and you run here and there. You will not get anything. The time will come when many people will say 'this is I. I am Jesus'. Be careful! There will be time for all these deceptions will happen to many people, but you who believe listen to Me carefully.

understand. I have come to the world to be one with you.

And I am asking you, to serve one another and to love one another just as I love you. I will come; this is My Power. My Power will come among you at these last moments. I am giving you this. I Am as I Am. I have come to give this understanding to you, hey My priests, this is I and state that I am in your lives and I am asking from you to bring My children back to Me. That is your assignment, and go to serve these last moments together with this child. I Am Blessing you all. This is what I do. I have come to give this understanding to you. Do you understand all this?"

"This is I. I am stating all these in this child. And for you, who are called to work, work well; I Am gathering you! In order that you understand only in My Name, Jesus, you have the power. You will not be able to walk by yourselves without Me. And accept Me in your lives which I have already given to the world at this moment".

"This is the last moment; I give this sign to you through this child. Let this child suffer for you so that you will understand that My Love comes among you. Please, work at these moments, hey My children, so that you will not enter into temptations which are coming from the world. I will be with all of you, and think of My Presence. This is I. I Am stating Myself to you. I am the Victory. I am your God, and be My Witnesses. Do not be afraid, I will be with you wherever you are. Accept My Blessing ... (*Spiritual language, red.*). Be a blessing to all of you. At this very moment, I Am forgiving all your sins. Do not you make any more sins! Remember... remember. Go and be My Witnesses...! Till we meet again in your prayers, come to Me, please".

In the sharing after that event, Agnes Sawarno said that first of all the sign was given to provide the priest who was present, whose assignment was to convey this event and the special message of Lord Jesus about receiving His Sacrament, i.e. Sacrament of Anointing of the Sick. It is the duty of a priest not to postpone giving the Sacrament to those who calls him at any time. The priests are provided with by God and are assigned to be His Intermediaries, to accompany a sick man, especially one who is very sick. Beside if a sick man gets the Sacrament of Anointing of the sick man, instantly he will have to receive also the Sacrament of Confession and Eucharistic (*unless he is not aware of the condition*), because these three Sacraments are closely related with the Salvation of Jesus Christ. This is also the moment to be re-conciliated with God. God wants to state His Power at that time. God's Power which

your Bible, but you do not seem to understand. (*Cf. Luke 21: 5-19; Matthew 24:3-14; Marc 13:3-13; Rev. 3:10*) Now Lucia has returned to God. Those signs I gave to her when she was still alive. She was the witness to whatever I said to her, **but those messages were not informed to you. However, God's will works!** Lucia had delivered this message to those whom she relied on. However, that is not enough yet, my children; that is why I have come down again and again to the world to approach to my children. Still, that was not enough yet, there are still a lot of them who left God and went with the world. Yet I keep on working through Agnes. This child has been prepared in her mother's womb. Do not think this child has not been prepared well yet. She was made well-prepared for the last time in God's plan to purify the world."

My children, after Lucia was home in heaven, Agnes will continue this assignment. Whatever I conveyed to Lucia was also passed on to Agnes together with you. (*The messages on the world purification had been passed on to her since 1995: I have come here to take up my children to God. Because there will happen three days of darkness all over the world; no sun, nor moon, nor stars; all this will happen at the beginning of the year. All this will be just a 'sign', in order that all human beings be made aware of the necessity of returning to God" - 3 April 1995. That will be the purification of the world 23 February 2000*). Nothing more is hidden, but a lot more of knowledge is added, which you do not understand yet during the spiritual journey together with God, with me, and all the angels and the people sanctified by God in heaven; but in this community God will open your eyes at the last moments in order that you understand the truth. That is true! Heaven exists, and God's Kingdom exists, and God together with me exist, and everything in heaven will work and pray for all my children in the world.

I will take Agnes along to be witness about this truth for the world. I will take her a long way off. These last moments I will take this child so as to make many more people converted to God with all the events to happen soon, together with Agnes and you whom I will take along to far away places off.

"Once again I say to you, make yourselves well-prepared together with Agnes to be witnesses for the world's eye. Do not be afraid, all that will happen. Do not be worried, let all happen according to God's will, not your will, but take up your assignment as well as you can. Prepare yourselves carefully and truthfully, with all your hearts, your togetherness with one heart and one soul. I will unite you in love and charity. You are all my children because of your togetherness with me,

and I will wait for you, and the moment you arrive everything will be all right." (25 February 2005)

"Those who are leaving together with Agnes, please prepare yourselves well. Do not be afraid with all your doubts, everything will happen according to God's Will. But I ask you, from today on, to be one heart and one soul. No more pebbles, nor thorns in the bottom of your hearts, instead there is joy, togetherness, one heart and one soul, and you will leave with joy. And I will wait for you over there; and your God will give you His blessings in your journey, and you will all be safe up to the place of destination, and everything will happen according to God's will, in order that they will be converted. I will take along Agnes to be witness about this truth through Lucia." (20 March 2005)

"Well, My beloved children! Open your hearts in truth. Enter into Life, into God's Life in heaven. The assignment I gave to Agnes is the last. I have given quite a lot to my children all over the world, but the last, I give to Agnes.

After Lucia had passed away, Lucia kept on working together with me and with you in this community. Lucia is also with me in this community. That is why I tell you to go on in your journey. I will be there waiting for you. Do not be afraid! Together with Agnes, God will bless you all up to the place of destination. God will give you all the best, all the loveliest, to save His children. That will of course be the last miracle for them, but for you, just keep on working. Be well prepared, for those accompanying Agnes. Straighten your hearts and be prepared! For this duty is not at all easy for you. That was the assignment I gave you together with Agnes. I will take her along to be my witness about this truth, that until now I have always been with Lucia to reveal these truths to the priests and to my children. **But those messages had not been revealed completely as it was; some are still hidden.** But this time I declare together with you and Agnes in this country. Let Agnes become the last witness in my mission. Be well prepared! Bring your spirit rather than your flesh, together with Agnes to arrive at the place that I have already provided for you together with Agnes". (28 March 2005)

"My greetings to Isak Doera, Heribertus, and Alexius. Tell them to prepare themselves well in order to go with Agnes together with all those accompanying Agnes. Watch out completely well, and be controlled yourselves. Do not let you be under the control of the Satan coming from this world. I will be waiting for you. (3 April 2005).

"All My children who are present here, I will take along Agnes these last moments to be witness about the truth where I come to

all that I have conveyed, and you, too, all the priests, be happy that you are called to be priests. I am saying it sincerely to you. You are called to be one with your apostles, to be one with me, that will be your place later. What is important is that you are faithful and honest and your hearts are sincere, and always to keep on your hearts holy in your prayers of abandonment to God, then you will enter into one heart and one soul with God on your journey of your vocation as a priest. This is the understanding which is the deepest that I am forwarding to you."

### **Agnes Sawarno bore the cross for the second time at Cimahi, West Java on 18 November 2005**

On the spiritual journey to Santiago de Compostella, after we prayed the prayers at the Adoration chapel in the Cathedral, where the Eucharistic Sacrament was enthroned, Agnes Sawarno experienced to bear the cross spiritually for the first time. On 18 November 2005, at her home in Cimahi, between 02.30 and 07.30 AM, Agnes Sawarno again experienced to bear the cross spiritually for the second time. Before staggering out of her bed, she had been helplessly lying limply in her bed sighing for the unbearable burden on her helpless body, while conveying advices to some members of our community to be as close as possible to God all the time. This lasted for about 4 hours. After she received the 3 Sacraments (*i.e. Confession, Anointing of the Sick, and Eucharistic*), she tried hard to stand up without any help of others (*as she wished*), and immediately followed by a sudden fall on the floor. Then she tried hard to stand up again and started staggering for about 9 meters in 20 minutes. During this time, she was trying as hard as possible to walk, as it were, bearing a burden on her shoulder. Meanwhile, she had been rolling down on the floor for 3 times. In the end, she was seen to try to stand up bit by bit on a pole, and then she spread out her hands like one being crossed and stood on her toes, and there was heard a voice coming out of her mouth saying out the heart-content of Jesus, as follows:

"This is I who come with Agnes. This is the sign of My Love, hey My priest, in order that you understand. This is I. I Am the Cross, the Living Cross I have given to you. And you must believe and believe, only I that can save you. No salvation that comes from this world. This is I; look at Me together with this child. Do not say again that you do not

"It is true, Heaven is happiness, full of joy. The truths are stated in the hearts of my children in order that they can forward this. No more doubts. There is only One God, in Heaven. **He is your God, Jesus.** Who is reigning in heaven with all His angels, and with me, your Mother, for I was His creation, in all His plans to reveal His Presence on earth! I have already existed, before the world was created. I have existed together with God, with all the angels in His Plans. So that when God Comes down to be the Judge for human beings that is your God. Your God's Statement to become a human being was taken from this world, but the living God is to be the God you are praising wholly and will judge you and raise you in happiness. That is the deepest understanding that Heaven is giving you. Nevertheless, accept your God who became a human being called Jesus, as conveyed by the angels in my life together with Joseph.

Joseph meaning wise, that is why he walks with all his full wisdom. He accepted his task well and took care of me well. And I was living a spiritual life. I was not created the same as you are. I was the spirit that lives with God. That is why the world cannot take me away into sinfulness, in order that you understand. I want to tell this truth. God the Almighty, His Spirit was present in my womb according to His Power and was born according to His Power and lived according to His Plan to save the human beings and was willing to die according to His Plan and was rising according to His Plan and ascended to heaven. Now your God is in heaven. I witnessed it. I am the living spirit. That is only a means in order that God descends to be a human being. If God descends from Heaven down to this world, He will not become a human being, human beings will not see and will not know, either, about His Presence on earth. All stories in your Holy Bible are presented in human language, but all that happens are God's Power, God's Plan. On this journey I am present on this earth together with God, to live among you. So far do you understand?

Especially you, all the priests. You should understand. That is your assignment to bring my children back to God. Nowadays, the heaven's wealth has been left among you through His Body and Blood; it is among you in union with all the priests. I ask all the priests to keep your hearts holy in God's Power. God Is with you. Prepare yourselves well when you want to offer the Body and Blood of the Lord for my children. That is it... Enter into it, in the real understanding that you are called to be one with God. This is it, all the priests, I am giving you these understandings at these last moments so that my children understand

deliver this truth. This is just the right moment, where Lucia is no longer here in the world, and she cannot do much indeed, and cannot do all I had given to her because she was tied to her surroundings.

My children, I have also come to other countries, and they did not work it out well, either. Now I have come to your country. I am sharing in Agnes's life. Now she is working in the last moment, and it is quite hard for her to accomplish. She will become witness in these last moments.

My children, you will leave together with Agnes, do not be worried. I, your Mother, will be with you all and I will be waiting for you over there. **Everything will happen according to God's Will as I told Lucia about it.**

**"The messages of Mother Mary to Lucia on the first apparition at Fatima on 13 May 1917 was closed with the following words:**

**"... Afterwards, I will return here yet a seventh time". Initially, at the time this book was printed for the first time in Indonesian language, we were still asking ourselves whether or not the presence of Mother Mary on 13 May 2005 at Fatima was the fulfillment of this promise of Hers we do not know yet (*Fatima in Lucia's own words, Secretariado Dos Pastorinhos, Fatima 2003, page 175, that we bought in Fatima when we were there at that time*). However, in the recollection at the "Gedang Anak" Ungaran, Central Java, on 28 August 2005, Mother Mary declared plainly that the apparition at Fatima on 13 May 2005, was indeed the fulfillment of this promise of hers.**

"Whatever I said to Lucia, there would be the time for me to return again, for the last time. That was what I said to Lucia. The seventh time would be the perfect number, and I had given it to you to be a witness of the truths, since my coming to Lucia was actually to prophesize about the world purification. My children, I give all these responsibilities to all of you to re-enliven that message of mine. And there is no more, no more, of such an event occurring at that town until the purification of the world comes down to this earth. Even if your Highest Priest came to visit, such an event would not occur again. I gave that prophecy to you, and I prepared this child, Agnes, to accept these last prophecy together with you. Be happy, all of you, that sign is a great sign." (28 August 2005)

“My beloved children, once again, you, who are accompanying Agnes, I will send you to far away places from your country, be together in one, and rejoice together in your spiritual journey. Be happy to be witnesses about this truth. I have united you in one; you are all my children whom I take along to work together with me, your Mother, no more conflicts between you; but there is joy, wherever you meet, there will be joy, one heart and one soul in the spirit of God's Love; just as I was with all the disciples. I wish there will be no difference, as my presence with Agnes you are all in one. I will make you into one unite with me, your Mother, in your lives where you will serve together with Agnes”.

“My children do not be afraid! God will be with you in your mission. Your God will also be waiting for you through His Power. Agnes will be with me. Once again, you who are leaving, be rejoiced, enjoy yourselves, be prepared so that you will not be tempted in your mission. Keep on praying. That is my request”.

**“Please, believe that everything will happen, this is the last moment for the world, and Agnes will be my witness about my presence in this world.** This is my beloved child; I like her very much, because she is always humble. Look at her! Judge what she is like in front of you. She always behaves herself as she is, just as whatever she possesses in her life. She accepts this assignment appropriately well, although it is heavy, quite heavy for her, but she relies on God, therefore she becomes strong together with you. Pray for her, that is your duty, because she is still human. She could think differently of the assignment I have given her, because she might feel it heavy to accept all this. However, she is strong, she will be strong, and will arrive at the destination. The assignment she has adopted up to the end will be for my children. She will bring all my children back to God. That is her assignment, and when she comes back, she will be happy together with me. Truly, I say it is true, indeed; I will give her to you. She does not speak of her own wish, she has not the strength, nor the power to do whatever she likes, nor any words, nothing is out of her life. All this comes from God who has given it to her. Whatever is passed on to you by Agnes does not come from her. No way, she even has no power to do it! Whatever is in her is just the faith and willingness to accept the assignment well. Let the others be angry with Agnes, but they are not angry with Agnes but with the Creator who has given Agnes to you. Let all happen to the eye of the world, so that those who are willing to

sick, the sufferers, every kind of grieves. They keep on happening. They will not be stop, all over the world, especially in your country. Remember what I have promised you, my priests and all of you my children who listened to my messages that have been forwarded to you. In a short time, there will be a terrifying earthquake in your country, and you will experience quite a heavy hurricane. However, if you were in one in serving, you would be safe from that disaster. My priest, please understand what I have been telling you about, since I came to your country until this moment.”

It has been quite a lot of prophecies, but a lot of the priests cannot accept them. They believe in themselves, in their capabilities. Is it very heavy for the priests to accept humility in order to contemplate a bit about my presence among you together with Agnes? Are their hearts so closed? Where are their faiths?

Faith is to understand. Understanding is caused by faith. Faithful through God's Power, everything has been given among you. I see the priests' arrogant. Is that enough already? Look...! Heaven sees what they have done. A lot of my children became doubtful, and they left God and followed the world. Is that what they have served? However, Heaven has His Hand on it, but all the priests are not willing to accept it. Where are their hearts to understand? Do they think their servings have been all right? Look, you are witnesses to the fact that a lot of my children have gone away from God. Still they are closing their hearts, their ears, and their eyes, to see my children leaving off. Look at the priests, working according to their own hearts' will. They are no longer serving my children. Where are their servings?

God comes and God ascends to Heaven, still He Serves. The priests are called to serve and to gather and to teach the truth and the salvation about God. Not to make themselves more important than to serve together with God. This is what has happened all over the world, including this country of yours. The priests are enjoying the praises given to them by the world, but they have left the real meaning given by God in their lives as priest. Nevertheless, I am asking you, my children, that is your assignment. Pray for them and forward all this to them. Do not turn back, pass them on and on, and pray to God together with me, your Mother, for the priests, as well as for my children who are closing their hearts at these last moments.”

“... it is left to you to serve fully. **The meaning of life in God is to serve.** That is the real meaning, to serve...”

and emotional upset. Because of your mouths, other people suffer. No! So your mouths are only used to speak well, well, and well. Understand?"

### **Citation of the message by Mother Mary in the Recollection at Jakarta on 13 November 2005**

"My beloved priests, and all my children who accompanied Agnes to the places that I have sent you, I have brought you to other countries (*in the mission to Fatima, May 2005, red.*), I would have told you that in those countries there were a lot of my children who have left God in their lives, that was the reason I have brought you. I have made you my witnesses, when you will convey this truth to your highest leader. I mention his name here: Benedict (*Pope Benedict XVI, red.*). Convey these messages to him these last moments. I am telling you my priests. Do it! Do not be afraid, for heaven has seen that **what they have reached as a decision is wrong**. Victory is in God's hand. Everything is in God and salvation is in the hand of God, and **they have been afraid of the world**. Do you understand, my priests?

Thank you. **That statement, that decision (*in the Second Council of Vatican, red.*) that have shaken the faith of my children as well as their trust to my priests**. I, your Mother... this last moment this truth ought to be revealed, whoever believe will be saved, whoever do not believe will be lost with the world. These are the last moments for the world.

Well, My priests look at the world! Do not you see the world? The signs have been given all over the world, only part of them is still to come, and after that the purification will occur. Leave all the priests who closed their hearts. God says, these last moments, whoever harden their hearts, they will become more and more hardened, for God's Power work for people who open their hearts to return to God and abandon themselves wholly to Him, and God will save them.

My children, I have prayed to God that His Mercy will be poured down on my children who understand, also who do not understand, for I was afraid, the Power of God will come down terrifyingly. Will they be able to receive the Mighty Power of God? That is your assignment, My priests. My children, tell this to all your colleagues, the priests all over your country. Let God's Power, His Mercy pours down where you convey this Truth.

"My children, I have told you. The world are killing each others, suffering from famine, hurting each others, slandering, there are the

believe will come back safely. That is my hope! These last moments, this is just my last approach to the world. If the human beings still deny it and they were also unwilling to come back, I would leave it to God's Will. This is my last approach. I will bring Agnes together with you to them to convert them and to bring them to God at the last moments. That is all, my children, and no more. This is what I want to say to you tonight. Well, I am sure my hope will come true, and, please, understand it. Not because God cannot do all this. Nothing of that kind! Human beings should open their hearts to come to God. That is what God Himself wishes in heaven. Return wholly to God, my child". (*8 April 2005*).

"And you Alexius and Isak Doera, tonight you should fully believe in doing the assignment I have given to you together with Agnes and all my children whom I will take along to far away places. I will be waiting for you over there. Do not be worried, everything I will bring back to God. God will give all that, where all of you will arrive at the places of destination. Nothing will happen to you together with Agnes, because you will be witnesses; all of you will be happy over there and happily return to your country. Do not be worried; God will be with you all. Prepare your hearts properly well, that is more important. Your hearts, my children! Before you leave, come together and pray! Please, be one heart and one soul, wherever you will be leaving for together with Agnes. No more mistakes among you, but you work together for the Truth, and for the Salvation of the world. Be happy, I send you for the sake of the world, the last chance for the world. Alexius, prepare yourself properly, whatever you have to do together with Isak Doera, and Heribertus. But the rest, leave it to God to arrange all the spiritual journey you will make, as well as all your assignments waiting for you over there. All of you, please, tell Agnes, she is not alone, and heaven is with her together with you. Heaven takes share in the last moments. I send you to be my witnesses of the events where Lucia and I were together". (*15 April 2005*)

## PREPARATION BEFORE THE MISSION

The plan of the mission was prepared in terms of meetings, novena prayers during 9 (*nine*) days from 29 April to 7 May 2005, and technical meetings. Before departure, we made a recollection day on Sunday, 8 May 2005. Within the Prayer of Abandonment and Longing for God, during the time of preparation, Lord Jesus and Mother Mary's messages were as follows:

### **Messages by the Blessed Mother Mary on the 1<sup>st</sup> day of the Novena, on 29 April 2005**

"And you, Alexius as well as Isak Doera, prepare yourselves properly. I will take you along with Agnes and all my children who are leaving for the mission, to be witnesses about the truth. The truth will come down from heaven. Do not be worried all of you. Nothing is to be worried about. Your hearts ...offer your hearts to God during this mission of yours and I will ask your hearts to be united in one heart and one soul in spirit. I send you to make the world convert, and during the mission, you will become witnesses about this truth. This is the last I do. The time has come, my children. The time has come. The world has to open the eye, the ear and the heart, about what will happen while you are with me in order that they will also be prepared and return to God. I ask you to offer your hearts to God, to me as well as to my children whom you are serving. Your hearts will no more be given to the world.

"My children, and you two, do not be worried about what I have said through Agnes. You are to be the priests who will be witnesses about the truth that I have conveyed to you before. Whatever Agnes said will be quite natural for her. However, you, I will send you to pass it on. When it happened that something caused a question about what I had told Agnes, you would be my witnesses, my priests. Are you ready?"

"Thank you, do it and continue it and tell the world about my sadness I forwarded through Agnes. You, two, are witnesses to it, in order that my children understand that regulation. Once again I say, there is no Salvation outside the Signs of God's Love and Affection, who has come and saved you. Do you believe in it?"

"Thank you, thank you! That is what I am saying to you. I, your Mother in heaven, become witness about this truth, about God who has given you lives and saved you from this world. Well, my children, you two, which is your assignment. Because time will come, seething

enliven again my message. And no more, and no more that happened in that town until the purification comes down this earth. Even if your Highest Priest comes to visit it, nothing will happen again. Because I gave the prophecy to you and I have prepared this child to receive the last prophecy, and they are Agnes and you. Be happy you, that sign is a great sign. Have you not accepted it fully or you have not been satisfied with the words of the world. Are you still asking for a sign?

You do believe it. That sign is given to you who are wise, but not to those who are arrogant. They will not get the sign. Look at the sign of Salvation; God has come to the world. For human beings, who are arrogant, will not see that sign. Up to now, a lot people who are misled in this world. Because that sign is given and addressed to simple people, to wise people, who are humiliated, they will see the signs, which God will give from the start up to now. Do you understand?"

"My beloved children, I like to talk. Who says that? The priests? Mary always kept into safety all that in her heart? No. Do they know, for what purpose I am presented in the world! Do they know through God's Plan, God who was present in this world? I am talking too much. Who says that I keep something into safety? If I had something in safety, I would not come this moment to you. That means that I was created by God to be your Mother, did not it happen, because I kept silent. No my children. Since God ascended to Heaven, I had been talking a lot to your apostles, so that up to this moment you still accept me.

All right. If one lives in prayer, one who is living in prayer, one will talk. It is impossible for any one who lives in prayer to keep silent. She has to do everything in prayer for whoever they are. To pass on all that to whomever they are. My children, that is an opinion, which has not been accepted by your priests. I was created by God to pass on the content of the heart of God at these last moments. Do you understand?"

You do understand. All right, if you understand, you have to pray and to pray for, and for whoever are your brothers and talk to them from heart to heart. It is not enough in prayer. Your God wants that you speak together from heart to heart. That is your task. How is it possible for you to talk the truth by being silent? No my children. Now you forward it in words. It is impossible to keep silent, impossible! You surely will talk much about the Truth, about Salvation, about your God in heaven in words. Your mouths are meant for praying and talking to God and to your brothers in Truth. Not to talk uncouthly that will cause undignified

watching, be united in prayers in one heart and one soul with your own family individually, you are wholly united with God and the Cross of Victory. God is the Cross, as well as in your groups."

That was my prayer, the prayer of abandonment I have given to you. Self-abandonment to God means that you accept God wholly in your lives."

My children, give this message to all the priests in order that they are able to protect my children, and start directing and growing their faiths of those who are separating themselves by this time. Pass on all that God Wishes, " there is no safety on earth, and there is only One God in Heaven that has salvation for human beings. " That is what you are going to pass on to your Highest Priest. Do not be afraid. If your hearts are sincere and straightforward in loving God while working, do not be afraid, God will finish it all. Understand?"

"There is no kingdom in this world, all the priests. Your kingdom is in Heaven, because it is your God Himself Who Reigns in His Kingdom. That is what I am telling you. However, if you have conveyed it, and later on you died, just go. I will be with you and to be a witness of the truth. Do not hide this truth, because you are afraid of encountering all of them."

"And your priests have no power to call Agnes. What did they ask about Agnes? Nothing. Because they saw the fruit, but they were boasting too much to acknowledge the fruits you have passed on to my children. They boasted and boasted. The fruits were there already in front of them; the fruits were there from your serving. However, it is not that I want to tell you, however, in order that you have the hearts of humility in your serving, to serve whatever you have accepted from their attitude and behavior, you were not shaken off and angry, but you were rejoicing in those sufferings. Do you understand?"

Thank you. Once again I am asking you, if I answered, have you changed your lives and believe in the prophesies. Did you only ask for the sign for your own satisfaction?

I do believe. All right, I will answer it. I will answer it. What I said to Lucia, the time would come when I would come back, for the last time. That was my message to Lucia. The seventh time is just perfectly the good number. And I have given it to you to be witnesses of the truths, for my coming to Lucia was a prophecy about the purification of the world.

**My children, I give all the responsibilities to you to re-**

condition will occur about whatever I have said so far. However, you don't have to worry! Nothing will happen to you in your lives, but God's Grace will be with you, my priests; if you witness whole heartedly, so as to make all my children understand: there is only one Salvation in your Bible, no more else! In your Bible there are God's Words left to you. It is through His Words that you all are safe if you are really faithful to Him. There is no more else in this last moment. Do not speak of the world, but talk about God and do good things as much as and as fully as possible in your lives, because your God Himself is serving you; you too, His children have to serve as well. Do you understand?

"Thank you! Serve each other, my children. That is the difference between heaven and the world. Let it be as it is! That does not belong to your business. Whoever chose the world, would be in danger together with the world. However, those who were looking for God, they would be saved in the name of God. From now on, I do not want you to talk about the world. No other Salvation would descend to the world after your God has ascended to heaven. That would do.... Wait till your God would return to the world again, to become the Judge to human beings. That was what He said in order that you understand."

"Well, you, my priests, I call you to be witnesses, because in this last moment a seething condition will occur, a confrontation, but you all are one. Do not be separated because of the desires each of you might have, but be united in Truth, so that you wouldn't be tempted by the world, which might bring about sufferings to each of the human beings who were not faithful to God, and I am saying to you two, please, give my love to your friends who are leaving for the pilgrimage. Tell them all about it. However, tell them to be prepared. Whatever I said will happen, do not let yourselves be prevented by your thoughts. All that is quite all right, though! However, I tell you, to write it down and present it to the world. Do two of you understand?"

"Do not be afraid! No need to be afraid! As God says, not any part of your body will be hurt by the world, because you will be witnesses about these truths. Both of you will be protected!"

"Alexius, aren't you thinking of what to do this moment? Just do it! Isak Doera, you too, do it! Don't think of what to do any more, but do something with me in this community, together with Agnes at this last moment! No more of your plans, my children. That won't do you any good, but what is necessary is your assignment as priests this very moment, together with Agnes and my children. The last moment, you

will assume quite a heavy assignment to get my children together as well as all the priests who are becoming scared facing the purification itself. That is your assignment! Therefore, keep all the prayers' facilities for your tasks as priests. "In this spiritual journey offer the Body and the Blood of God for my children, who are leaving for the pilgrimage with you. Do not forget, it is always with you, and I am asking you, for Agnes, I do understand how she is feeling at this moment. She is feeling very much afraid. Further more, if you did not make your heart well prepared, that feeling of scare would be felt much more in Agnes's life. But if your hearts were peaceful, prosperous and full of joy, and no problem, nor any other worldly matters, Agnes would be strengthened by your pilgrimage, attitude and conducts. She would rise to accomplish this assignment together with you."

"And you two, Alexius, and all of you who are leaving for the mission together with Agnes, make yourselves well prepared, and work properly well, there will be quite a lot to do to return my children to God in Truth. That is what I ask you to do. Your assignment is heavy enough, because of the fact that there will be a seething condition about whatever I said, that would really occur. However, make yourselves ready to face them, nothing will cause you to suffer in conveying that Truth, because everything is due to my children in all over the world, especially in your country. However, do not worry, I will be waiting for all of you. In time, everything will happen, God's Power will descend amongst all of you. Let it occur as it should be, so that the world understands that I am really Mary who was delegated for your sake, to make all of you be prepared, whatsoever God's Grace would be like to purify the world."

"All My children who are here now, whatever it is...whatever prophecy will come up, I will make all things in one, so that everything will be revealed. You will not be made ashamed because heaven will be with you."

"My children, I would be very happy if you always started with a prayer just as I always did with your apostles. That was what I have taught Agnes, to accept the prayers I taught her. My thanks to all of you for the goodness you have done, and make everything well-prepared from now on, you will be fighting for nine days, but just strengthen your hearts, because all will ... occur, though not very smoothly, because the world will put you into some temptation, but if you were all one with God, everything would be all right. Do all of them, I really love it. Everything will be done in spirit, with prayers, close to God, reliance in

stated himself in this community. He Is the Living Cross that has come down to strengthen you all in this life of yours.

My children, that has not been understood by anyone, but God has opened it for all of you at the last moment, where God's promise will purify the world. Look, the world has started to be purified by God. Look, what happens in this world, although it is just a small scale. Just for the sake of sign. Do men think of that sign in their lives, so that, that sign changes them into children of sincerely significant in front of God.

My child, the time will come. I am telling the Truth. You have to be ready to face all the realities you are going to experience later on. However, believe it, because all that is just a means for God to make war against the world, you will be victories of the world, and you will be saved from the world. You will see for yourselves what will happen in your country. Prepare yourselves well.

My children pass all this on to them so that they will also listen to what is said by heaven. My children, a hurricane will sweep up over your country, from end to end of the country, this will happen. God will ground all down. Do not you be afraid, but be grateful to God you have been made to know, well prepared. My children, the disaster will be quite great to you, but let it be, that has to happen in order that you will live happily and no longer be enclosed by them who come from this world. Let them live extravagantly with the world, but you will be given Love and Mercy that comes wholly from God in your lives."

"My children, very soon in this short time, God's houses will be broken down by the dark Powers through human beings who believe in them. Watch out, but that is not important, Your God is in you individually. God Is the Savior, the Almighty. God is the Victory Cross in Heaven, the Victory for the world."

"God's Houses will be broken down by the world, but you are not to be afraid and worried, that is why I have made you in groups. Be united with your families be united with the groups. You tie yourselves to one another. You should be strong in facing it later. Not too long a time to come. It has been planned by the world, but you will win together with me, your Mother. I will strike the poisonous snake; they are the satan under my feet. I will step on the snake's head and you will win together with me."

"All right, my children. I have told you the important news, so that whether or not it happens, you have been ready and keep on

you before hand to prepare well... watch out, all of you, where I come through my Power to make this world finished (*purification of the world, red.*) and I will give you life in accordance with My Will in order that you will return to worship Me wholly."

"Bring them! Do not let them loose from Me. That is your responsibility, My priests. I rely on you. Let them grow their faiths, and make them assured in their hearts that I Exist and Live and Never Leave them alone, and I Am the Only God the Almighty. I am Jesus. There is no other God. But it is Me who has given you lives up to now. Think of it, think of your journey, in this life you do not walk alone, but you walk with Me, because I love you all very much.

I have not been your Judge yet. Later on, the time will come when I become the Judge for every human being. However, at that time I want to purify the world, in order that whatever I want, you will return to Me purely, and your hearts will not be double-ended with the world. I am telling you the truth. Your lives would be in vain if you double-ended Me with the world. Do not take along the world to Me, but bring your hearts wholly to Me, in order that the law will not give you judgments. However, the law I will give you will be the law of love and affection. Do not let your hearts act double-ended again; accept Me wholly in your lives. Have you understood?"

#### **Citation of the message by Mother Mary in the Recollection at Gedang Anak, Ungaran, Central Java on 28 August 2005**

"Do it, my child! Finish it as soon as possible and pass it on to your priests, and also **especially to your Highest Priest** at this last moment for the world. Do not you be afraid to convey it. Whatever you convey, all will be all right. They will contemplate all that you have conveyed to them. There they will start what heaven requires to bring back the statement of faith, saying: "only in the Name of God, your Lord there is Salvation and Truth and Goodness, outside of which everything comes from the world". Because of this my children are responsible for their faiths. To live in faith, keep on being faithful, whatever you have conveyed is your own God who has crossed Himself for you.

My child, the Living Cross is your own God, who has been presented among you. Whoever believes, he will live in God. God lives within you. My child, your God is the Cross of Salvation for all human beings who believe in Him. That is stated in His Plan, in His Being. God

God, all and everything you want to do is relied upon, trusted, back to God."

#### **Messages by the Blessed Mother Mary on the 9<sup>th</sup> day of the Novena, on 7 May 2005**

"Thank you, and you too, Isak Doera, be faithful my child, in this mission of yours, and you too, Yacobus and Alexius, all of you who are accompanying Agnes, and my children who are leaving for the mission to be witnesses to the last moment for the world."

"My priests, this is my apprehension in the last moment. I have been fighting to bring my children so that they would be saved in this purification. You know how my heart like is. That is what I am feeling. That is why I ask you, together with Agnes, to work well, and go, without feeling scared and worried, since I, your Mother, will be with you all."

"I say truly, so that you will be my witnesses together with Lucia. This is quite heavy to you and Agnes. You will soon understand in the end. Accept it well with all your heart and leave for the pilgrimage with this truth, even if the world were against you all. However, do not be afraid, heaven will be with you. Let it be as it is to the eye of the world... they will understand it all right later on."

"My children, now for Agnes as well, accompany her, and do not forget to be one with her life, her suffering, not only Agnes who is suffering. I will be with you to face this truth for my children, so as to make them return to God. This is what will happen and you all will have to accept it. This assignment is heavy enough for you, but I know you have been ready. Be sure that your hearts are well prepared. God will be with you in your mission. Help Agnes, I will bring her with me to reveal again whatever I have said and given to Lucia."

"My children, and you my priests, learn and struggle, and be wistful over whatever I said to you, in order that you would understand it. Well, my priests, you are with me, your Mother, and you will work hard in these last moments with me, your Mother. I can perceive whatever you feel in accepting the assignments I have given to you. I can fully understand how you feel. But, please believe, God exists, and is alive and with you to accomplish this assignment I have given to you."

"All my children who are here now, please enter, and enter into the depth of the assignment I have given you, and I ask you to be united, do not let anyone loose from you. Love one another during your pilgrimage so that you will not enter into temptation wherever I send

you to far away places. Once again, do not be afraid or worried, and please believe me, and all of you will be all right in your pilgrimage”.

“And you, all the priests, I call you to be in one bond with me, your Mother, in this community. Keep up with a strong heart! Nothing will hurt you during this mission, but you will get much suffering after you have accomplished this assignment. Do not be afraid, you will win the day with me to defeat the world. I send you for the world, my children. I have come to your country for my children in this country, but this moment I will bring you to other countries where there are a lot of delusions. A lot of delusions, my children...! Just in this way for the last moment, I will state only in the Name of God in heaven. That is the way for men to be saved from this world. I know how heavy your hearts are suffering, especially Agnes. I can feel how she suffers from all this, for the sake of her love to heaven and to my children. Agnes... and once again accompany her, strengthen her, work together with her so as to make her strong enough to accomplish her assignment, which is quite great, and quite heavy for her. My children, I say this to you, because purification will come down to this earth and will cause much suffering to the people. But you believers, you will enjoy happiness that God will present to you.”

“All My children accompanying Agnes, go and tell them all whatever I just said to you. Nothing is hidden, my children, but just open it, so that they will be aware of their weaknesses so far, and make yourselves well prepared. I, your Mother Mary, say, all will happen, but accept them well as they are with all your abandonment, you will experience joy in your lives. Good luck, my children!”

“Thank you; and you, my priests, protect all my children! You will certainly accept your assignments appropriately well. You will understand well whatever I said to you later. Especially you, my priests, you... amongst you, keep on being united whatever will happen; you have to accept it properly well. That is what I want to say, so that you can understand whenever it happens; you have been made well prepared. Do not be afraid; believe me, you are sent for the sake of my children. Be happy, all of you, my priests, that you are chosen to be in God's Plan in this last moment with me, your Mother Mary. Thank you once again to all the priests I love.

“And to Agnes, too, support her fully so that she will be able to carry out her assignment well. Although heaven is with you, but I ask you to accompany Agnes to accomplish this assignment of hers together with you and your Mother Mary in heaven. Good-luck to you all, my

**it, but that is My last Way, so that you may listen to Me**, where I came the time before to talk to men and to convey about Me Myself in human life, then I became a man. If I did not come down to this world, you would not have known Me.”

I am telling you, all of you who are here, be happy all of you at these last moments. I have come to address you in this way. Who is in position to share with My Journey? No one could share with Me. I am as I am, and stay on as I Am. That will not do! The time will come for you to understand. I have come through My Power to purify the world. I have got to purify it! I am going to differentiate which ones are pearls, and those who are grasses and thorns that enclose you in your life, because I have drawn you on your journey out of the world. **I am telling you, the time will come; do not tell it will not happen** (*the purification of the world, red.*). *Everything* will happen according to My Plan. In order that you would become whatever I desire, I created you, human beings, all over the world, to praise Me. Nevertheless, there are some who are against Me, whoever are against you, whatever human beings are they like, they are satans. Whoever believes in Me, he will go through temptations by the damned satans. The moment will come, the time will come, and everything will finish.

All My beloved children who are here, be happy all of you. Open your hearts, open your hearts, and think of what I have conveyed to you. I Am Jesus! Do you understand? I Am Jesus!

I Am Jesus Who have come among human beings, but the time will come when I state the Truth of Myself. I Am God the Father, the Almighty, Who creates human beings and all the contents of the world and heaven. It is I Who created them all. However, by My Presence as a human being, you understand Me. I Am the Living Cross and I Am the Light of the world, and I Am the Way of Peace, because I have the way, in order that you all will reach the destination, which is Me. I gave the Cross that is Myself and I gave it to you. All right, these last moments I will state that the Cross is Me Myself. Without my coming down to earth, the Cross will not happen. And you will not know where you are from, who creates you, you will not know. Do not bother about My Plan that has happened, which I have given to you to save you, but accept it well in My Name, so that whatever I am asking you, will all happen as My Will, not your will.

My children, I am telling you the time will come when you will understand what I have conveyed to you. If that happened, all these moments, in this short moment, you would remember again. I have told

## **FURTHER MESSAGES RELATED WITH THIS MISSION**

Some of the further messages from Lord Jesus and Mother Mary, that we received a few months after the first edition of our booklet in Indonesian language was published, are closely related with our mission to Fatima on 13 May 2005. Some of the messages are given at several events, such as: recollection held at Gedang Anak, Central Java on 28 August 2005, recollection held at Klender, Jakarta on 13 November 2005, at the time when Agnes Sawarno bore the cross for the second time at Cimahi on 18 November 2005, and in the recollection at Ambarawa, Central Java on 4 December 2005. The citation of the messages was as stated below (*this part is added in the second edition*):

### **Citation of the message by Lord Jesus in the Recollection at Gedang Anak, Ungaran, Central Java on 28 August 2005**

"I Am the Living God, which is everlasting. Through this child I am telling you. This is the last moment of the world. I have come to finish the world, where this world makes men no longer believe in Truth. I Am the Truth. This world has no truth, the world is misleading, lying, it makes every man fall into sinfulness. That is the world. I am telling you, Goodness, Truth and Salvation belong to Me. My Belongings and I am the One who gives them, Goodness, the Truth, to those who believe in them. The world cannot give them to you. The world, nonsensicalities of the world! They do goods, but destroy lives. That is satan. Once again, I am telling you, Goodness and Truth, as well as Salvation belong to me. Mind you, My Belongings! The world cannot do real goodness, semi-goodness, semi-truthfulness, for the time being are given to men who believe in them, however, in the end they die for nothing for those who accept goodness and truthfulness that come from the world. Do you understand?

All right! In order that you know, I am the Living Cross. That Cross is Me Myself. I state it to the world. I save men with the Cross that I created, which is I Myself. Do you understand?

All right! Be happy for you who understand. Nevertheless, I ask in your understanding, give your knowledge of life, which is real to Me, to be the witness to you who live in this world. You are My witnesses about the Truth. Do you understand?

**I am saying from heaven through this child. I am talking to you. That is Me. This is My Power, do not you think how I did**

children."

"I will be waiting for you over there. Everything will happen, my children, do not worry! All will happen and I, your Mother, will always pray and wait for you all. I will welcome you over there with love and all my affection."

### **Message by Lord Jesus at the Recollection on 8 May 2005**

"Accept My Love and Affection to all of you in this mission. Be witnesses about the truth, about Me! It is Me who will give you that Salvation to the human beings who believe in Me. Accept this Blessing of Mine, My children, in My name, I give you all this blessing. This is a sign of victory. I will leave it amongst you, the sign of My Love, the sign of strength; I will plant in the bottom of the hearts of each of you My Cross, where I was hanged, as I planned for human salvation. I will be with you all."

## TESTIMONY

The spiritual journey and our mission were started with the Eucharistic celebration on Wednesday, 11 May 2005. We were eager to do the Blessed Mother Mary's wish to receive the Body and Blood of Christ every day. The Mass celebration took place in Stefanus Church at Santarem in which the monstrance of "the bleeding host" was sanctified as from the thirteenth century, a Eucharistic miracle with the following story:

"A house-wife wanted to get her husband back to her, as her husband was playing fast and loose with a bigamous life. She asked a sorcerer for help. This sorcerer asked her to bring the blessed host she got from the church to be made part of the ingredient for the purpose. But when the woman put the blessed host, which she received during the celebration of the Eucharist, into her headgear, the holy host began to bleed. Lord Jesus showed that within the holy host, He Himself was present in reality. Later on she hid the holy host in a chest, and during the night it shone with full of lights. The priest who was entrusted to receive her confession about the event reported it to the bishop. The bishop took the sacred host and brought it ceremoniously in a joyful procession to the church."

Since then, the bleeding host had been kept into safety and sanctified in the monstrance in the church of St. Stephanus, at Santarem, and it is still in good condition up to now.

After the Mass, we also offered our respect to the holy host in the monstrance. Lord Jesus was present again and communicated to us through Mrs. Agnes, saying: "I am that bread which comes down from heaven. I am present at the Eucharistic celebration within the bread and the wine. Those are my Body and Blood, I make them into one for you until I will come back to be Judge to you, the believers as well to the non-believers." (Cf. John 6:58)

In the early evening we arrived at Fatima, and took a rest in Domus Pacis (*The House Of Peace*), behind the basilica of Fatima, in the north side, separated by the parking ground for the caravans of the pilgrims who were spending the night there. By God's Grace, Sr. Lucia was present again and addressed Agnes saying: "Welcome, Agnes, thank you that you have come here, this is my town!"

differences, always get hard feelings easily, always get angry. No, please, no more of those things! Otherwise there is no use for you to have united with me, while you are still like that. My children today make a reflection again, over one heart and one soul, you have entered into a community, in it there is full of understanding, acceptance, joy, and togetherness, and loving one another. You enter into this group, because you are in the community together with me, your Mother. Do you understand so far?

Think of it, and press on your weaknesses, pray to God to take away all this from your lives, so that other people will be happy. Do you understand?

This group is the Community of Charity Services of the Blessed Mother. All must be happy, my children. No one among us should be sad, suffering, under pressure by the attitude and behavior of yours. Not any more! Enough, enough, think of it! I will see from heaven, whether or not you really are listening to whatever I have said. You teach about to be in one heart and one soul, but you yourselves are not in one heart and one soul, because you defended your self-respect quite highly. No self-respect, my children. Self-respect is worldly, it always makes you disappointed, cry, suffer from being frightened because the self-respect is quite high. The World...! However, together with God there is no self-respect, but there is love and affection, humility, togetherness in one heart and one soul. Do you understand?

All right! That is your strength in your mission to work to tell what God and I, your Mother, and the Apostle John, had given to you. Will that do?

Thank you, thank you, all my children. In addition, to you, too, Isak Doera, think of it, and you, too, Alexius, you are all the same, do not go too far again. No more of it, my children. Enough isn't it. Enough! What is important is that you work and work. You are rejoicing together with my children, they belong to you. This is what I want to say to you, thank you to you. My love for Heribertus, in no time he will return to you; and my love for Jacobus, he is weak, he is sick, pray for him so that he will be healthy again to do his assignment well. My love for all my children wherever they are. Thank you, my children!

*leaders of the Church of Jesus in the world, still cover the prophecy about the world purification? Is there anything they were afraid of, Mother?" asked somebody again)*

You would not understand it. Do not ask, but work properly well! If you work, they will understand it later. You do not have to go too far, Please work... whatever you have received, go on working and convey it back to them. You do not have to be curious and to understand. No! Please, understand what you have received and communicate what ever you have to, and please start working well right now. No more quarrels, no more crying, no more hard feeling, and no more deeds that make others sorry, no more, no more, my children. Please, work...! You have said you have been in one heart and one soul. Every time your brother made a small mistake in speaking, you would shout angrily. Where are the one heart and one soul of yours? Just get yourself involved into that event itself. Get involved with those promises themselves. No more would there be any one who had hard feelings, hard feelings, no more! That is self-respect, my children. Tired, you will really feel tired, if you always put your self-respect too high. You will get tired and fatigued and in the end you cannot do anything. This work is indeed quite heavy and quite a lot for you, but there are always quarrels. Why should you not be in one heart? Why do not you accept weaknesses and strengths? Why? What is the matter? Because you consider that your self-respect is quite too high?

**Look... look your God has come down to earth to become a human being among you. Where is God's self-respect itself? God never thinks of self-respect. Who Is He actually? He wanted all his creations to know Who He Is actually and accept Him as He Is. It turns out that still a lot of people will not accept Him. Useless are their lives! They feel satisfied with their lives, happy together with the world, but they do not have anything worthy in heaven. They will enter into judgment, when the world purification occurs, they will enter into trial. They will be lost, lost...! Where do they go? Because God will make a war against the world, and because they follow the world, they will be lost. Useless are their lives. But not you...!**

Once again I will look down from heaven, no more crying, no more hurting one another's heart. No more! Speak well, speak well among brothers, and speak with love, because I see there are still

On Thursday, 12 May 2005, we had started distributing the booklets entitled "**The Miracle of the Sun is Performed Again and the Purification is Near**" (*it is readable in our website [www.hatiibuyangbahagia.org](http://www.hatiibuyangbahagia.org) or [www.heartoftheblessedmother.org](http://www.heartoftheblessedmother.org)*) to the pilgrims we met, and to the other pilgrims at Domus Pacis, among others to a Philippine family coming from Washington D.C

The first visit we made in the morning was to the Carmelite Convent of St. Theresia at Coimbra, north to Fatima. It was in this convent that Sister Lucia had lived after she became a sister of the Carmelite Convent and passed away at the age of 97 years. Her body is still preserved in this convent and it was planned, only in the next year, that her body would be moved to the Basilica of Fatima, together with Francesco and Jacinta.

We celebrated the Mass over there with all our deep feeling of love, first of all because of the fact that it was Sister Lucia herself who invited us to make this spiritual journey. There were also some pilgrims from other countries who celebrated the Mass with us that morning. **At the time we were singing the Communion Litany song "Amazing Grace", Sister Lucia was 'present' addressing Agnes and thanking for her coming to fulfill her invitation. In fact, she had the opportunity to talk about her suffering during her life in the convent, because she had no power to spread the Messages given by Mother Mary, except in hidden. She promised to cooperate with and accompany Agnes and our community at the pilgrimage at Fatima, especially in the next morning.**

We made a time to see Madre Superior of the convent to convey the presence and the actual work done by Lord Jesus and Mother Mary together with Agnes Sawarno and our mission to come to Fatima and deliver booklets to her, which was received by Sr. Isabella OCD, who was master of ceremony at the place. Sr. Isabella promised to forward them to her chief and also to the Bishop of Leiria, and even asked Agnes to pray for the sisters who were suffering from cancer and for all the members of the community of sisters of the Carmelite at Coimbra. We also tried to ask for her permission to visit the place of preservation of Sr. Lucia inside the convent of Carmelite, but we were not allowed to enter the place. She explained that the convent of Carmelite was a closed convent and asked us for our patience to wait for another pilgrimage of ours the following year when the body of Sr. Lucia had

been buried at the basilica of Fatima together with Francesco and Jacinta.

When we were back to Fatima, we noticed that the pilgrims were getting more and more in quantity, some of them filled up the basilica yard which was twice as large as the Saint Peter Basilica in Rome, and able to contain one million pilgrims. Others were visiting the chapel of Revelation at the west part of the yard; and some others were entering in big groups the Fatima basilica where they could find Jacinta and Francesco's tombs, and the place that had been made ready for the tomb of Sr. Lucia later on. Because the place was full up with the pilgrims, we were hardly able to move up, and approached for a few minutes to the front of the burial of Francesco. Through spiritual location, his spirit addressed Agnes by name, - although Francesco and Jacinta passed away when they were still young, they were still much 'older' than Agnes. Francesco asked why Agnes looked so sad, and suggested her not to, instead, to accept the assignment from heaven with joy. He promised that he would accompany Agnes the next morning to receive all the signs he had had during the apparition of the Blessed Mother Mary in 1917. Jacinta showed the same attitude, just to strengthen Agnes, after welcoming her. She also promised to be present and accompany Agnes the following day. At the time we visited Fatima, the three chosen persons, "Lucia, Francesco, and Jacinta" were indeed 'present' to accompany Agnes, and here and there they gave her some explanation about the events they experienced. Jacinta and Lucia also told her **the messages given by the Blessed Mother about the world purification, the kind of messages, which were the most important message revealed by Mother Mary through Agnes Sawarno together with the Community of Charity Services of the Blessed Mother in Indonesia**. They supported Mrs. Agnes to accept the last assignment, the heaviest, but the loveliest.

After that we went to the village of Aljustrel to visit Lucia's house, Francesco and Jacinta's house, and to see the well, where the angel appeared to the three little shepherds in 1916 to prepare them for the Blessed Mother's visits, and then we went to Valinhos, the place where the Mother Mary appeared herself on 19 August 1917. We also went along the way of the cross till Golgota and visited the place of the first and the third apparitions of the angel in 1916.

After dinner, we joined in the candle procession, which was celebrated by more than two hundred thousand pilgrims, while praying the rosary and singing praises songs to God and Mother Mary. After the

all over the world. They made themselves able to decide whatever has become God's decision. This is quite heavy for them. They are afraid because of the world, so that God's Word has no longer become the power for saving my children on earth.

You should tell them to introspect again whatever they have decided. Whoever do not believe he will become part of the world, because God will no longer send any other Salvation after He returns to heaven. This is it... that you have to accomplish." So far do you understand?

Understand. This is what you have to finish, and communicate to them, especially your priests in Indonesia, your country, and to **him**, too, what is God's will. Do not be afraid, no need to be afraid! Everything is in its Truth, Truthfulness is really pure and sacred and wise. Everything is all right! **Convey this to your Highest Priest. Do not be afraid! This is the right time for you to do. This is the time for you to straighten whatever has been hidden by the world.** Heaven does not think of them, no, my children. That has become their choice, and consequently that has become their responsibility. However, you are God's children. You should become the lights wherever you are, in order that the Truth comes to sight in those lights through your attitude and behaviors. So far, have you understood?

All right, purification...! I have told you about this. I am going to repeat it again. I brought you in unity with Lucia, Jacinta, and Francesco, I brought you all to meet them, but one mission you have to do is to continue what I had said to Lucia that was the purification of the world. Nevertheless, this is it... there was no mention of it. That is why I have brought you there to be witnesses, and all those events were repeated again and you accepted them all. In addition, do not be afraid to communicate that matter because that was the most important, that is why I put you into one unity with Lucia. Lucia has no longer been here on earth, but her spirit has always been with me and with you, to continue those messages amongst you. It is not that heaven cannot perform it, but your God has always invited men to work together in Truth. Please, communicate it all and convey it. Do not stop communicating, but do not frighten them. You communicate it, but communicate it with faith in order that they would accept with faith, not frightened; with faith, so that they will accept it, and they will be able to understand what has been communicated to them. So far do you understand?

*("Mother, we still want to ask you further more, not just to satisfy our curiosity, but to understand more. Why did our Church leaders, the*

into conversion and return to God.

All right! I will not get angry with you, but I am giving you this understanding. Isak Doera, take care of you yourself well. Once again, in your old days you have to take care of yourself well, your health. You have to think of all so that you will be able to work together with me, with Agnes, with all at this last moment. Well, this is what I want to tell you.

*("Please, Mother Mary, permit your child to ask this question. Today we have a meeting to prepare a report to whom we had communicated that this mission was from Mother Mary. We had the explanation that this mission was to resound the news about the world purification Mother Mary had given through Lucia, Jacinta, and Francesco. From Lord Jesus, we got the assignment, together with the priests, to 'break down' the Church. Mother, we have not understood yet how exactly is the connection of both, between the news about the world purification and the news to straighten what has become the weaknesses or errors in the teaching of the Church, about Jesus, as the Only God, as the Only Way to Truth. Please lead us Mother, so that we will be able to make this report as well as possible. Thank you, Mother Mary." asked somebody)*

**"All right! This is it that has become a very deep concern in heaven. God has been ignored, because the world looks big to their eyes whose faiths are weakening. My children and you, too, my priests, tell them their weaknesses so far, where they have made their decisions and ignored God to human beings. And tell them to introspect again whatsoever has been said and decided by them, to My children all over the world. And I would say no other Salvation has been sent down after God the Lord has returned to heaven. The Salvation has been left among you. It has been such a long time that Salvation has been among you until God The Lord will return to the earth, that time your God will receive the Truth done by each human beings who believe in Him, and whatever has not been done by the non-believers, the Lord will try and judge all of them. Whoever believes will enter into His Love and Affection; a fair trial will be given to those who believe in Him.**

However, everything God have conveyed, the priests, specially your Highest Priest, declared that they are the highest, to gather my children

break of the day and the candle lights procession, we spread out to distribute the booklets telling that the next morning would be the day of the miracle, when everything that had happened at Fatima in 1917, would be repeated again as the last sign for the conversion of the world before the world's purification.

Friday, 13 May 2005, was the eighty-eighth memorization of the first Apparition. *(At the same time, our presence at Fatima seemed to be the moment as promised to Lucia by Mother Mary to return for the seventh time to Fatima, which we haven't understood before, red.).* We were fasting, as suggested by Mother Mary, every Friday.

Since early in the morning, the rain had come down although it was not yet very heavy. We were full of joy, because **"It was just like what we knew to have happened at the apparition on 13 October 1917, which was initiated by a very heavy rain"**. We gathered at the chapel of Domus Pacis to have a morning prayer and continued with the Longing for God prayer; as a matter of fact our priests were especially praying and laying their hands on Agnes's head, and strengthen her, and us all as well, to accomplish our first assignment during the pilgrimage, to be delegates for delivering the prophecy of the repetition of the 'miracle' of Fatima, and at the same time to be witnesses of that very event. Our hearts were full of all kinds of feelings - joy, full of suspension, rapid heart beating, but we felt completely ready.

It was decided that our priests would join the concelebrating mass with the twenty bishops and more than five hundreds other priests, whereas the rest of us were put into small groups of two or three, separated to distribute the booklets before the ceremony was started. Mrs. Agnes accompanied by the two medical doctors and a gentleman constituted special prayers for all to receive the miracle on that day.

Before we left Domus Pacis, there was a gentleman of our group who told the news that in Jakarta, Bekasi and Cimahi, a sun enchantment full of lights was seen, witnessed by a lot of people, and even one of them saw the sun 'jumping'. At that time, it was two o'clock in the morning at Fatima, because of the six hours difference from Jakarta. Through Agnes, we received a mentioning from Mother Mary, saying: **"Rejoice all of you, be rejoiced, do not be afraid! Hurry up because today all of you will be witnesses to what I had given to Lucia, Francesco, and Jacinta."**

We took up our direction to the Fatima Basilica where all the

pilgrims were gathered. The Fatima Basilica's terrace, with a 'canopy' and a large primary altar attached to it, was set for the 88<sup>th</sup> anniversary mass. There was a chair for the Archbishop to sit on, and the mass was celebrated in concelebrating with many other bishops and priests. We spread out according to each group and we agreed that Agnes Sawarno and those accompanying her as prayer-mates would be in front of the chapel of reconciliation situated at the east of the field.

It was still early in the morning, about 08.25 am, when we walked to the Basilica field, the rain had stopped and the sun was shining mildly, while the clouds were all over in the sky. Some of us spread out to the porch in the East, or to the direction of the sacristy, or directly to the middle of the pilgrims that had filled up the field. Our priests were walking to the direction of the sacristy to prepare themselves for the mass robe and made themselves ready to pray the rosary together, and then joined the procession from the back of the Chapel of Apparition. The Blessed Mother Mary statue, which had been beautifully decorated, was prepared for the procession also. The same preparation was also taken by the 'flagmen' from all over the groups present and who were noted down in the celebration of 88<sup>th</sup> years of the First Apparition of the Blessed Virgin Mary at Fatima, on that day, and who would be marching before the procession were ready. According to the schedule, the ceremony would begin at 9.15 with a rosary prayer, and at 10.00 the procession would start.

Some members of the prayer team accompanying Agnes still had some booklets and thus they tried to distribute them to the pilgrims who were at the east side of the field. At about 8.40, our friends at the Eastern porch had difficulty, because of the warnings given by some of the security members, not to distribute the booklets. Since no more booklets were available in their hands because they had all been confiscated - though some of them still had them hidden - these people went into the basilica field through the Eastern porch joining their mates who had been there before.

*In front of us, there was the most inspiring scenery! In the Southern part of the open sky across the Fatima basilica above the initial building of the new church of the Holy Trinity, from the Eastern end up to the Western end, above the peaks of the pine trees, a beautiful and spectacular rainbow was seen in a completely wonderful scenery some saw one only, and others saw two full sceneries, each with seven colors*

you, too, the priests, with all your lives, a lot of my children will return to God at the last moment like this. Do not belittle your hearts! That is certain. Because your hearts belong to God, and God is the Greatest, the Almighty, who Lives and Is united with you in your lives. That is what will bring you to work, to speak about this Truth. You do not have to think, I have to work at a certain place, no more Alexius. You are working freely now no one can hinder you. No! You are free to serve God's children. It should be like that actually. Not separated by place, this belongs to me, over there is yours, it is not true...! Wherever there are God's children, they belong to you. That is your responsibility to bring them back to God just as what had been done by the prophets and by your apostles to deliver this good news in your lives. For you are the priests. Be brave in truthfulness. You would certainly arrive at the destination, which is your God, who is waiting for you with full of Love and Affection. Do you understand?

Understand... I have already given you enough understanding. Now start working. The time will come; whatever I have said to you all will happen. Not only in your country, all over the world it has already started.

**Nature is no longer friendly because God Himself Who breaks all this nature down to give the signs. In no time will the world's purification come down to earth; God Himself moves the nature. This is not a natural catastrophe, but nature was set up to start the purification that is coming. It has to start with the nature. God puts all that into motion.**

Do you understand?

Your God moves all that. It has to be like that... What is right and wrong will be stated and shown as they are by God to you with all kinds of experiences, especially in your country. This is my message, and think of all that, and good luck, Alexius and you Isak Doera. Whatever I have told you, let it not happen any more, your assignments are quite heavy in your country and I have a lot of children here; what would you like to do to my children? Where are you going to bring them? Here you have me, and your God as well. Why do not you assure them about me who has come to your country? Since you are called to be a witness, you will guide my children in this community. Isak Doera, I am warning you today in order that you understand, your assignment is to bring my children to the right and certain direction in order that they will enter

over the world. That will do. You, who are continuing all this until God's promise descended on the earth. Prepare yourselves seriously well in this last moment. Do not let your hearts be bothered. There, there ... they will make a quarrel where you are united, where you enter one heart and one soul, that will be very troublesome, through your attitude, each of your own individualities. Keep on trying, put your lives in order, your spiritual journey, so that you can be witnesses about this truth. Control yourselves well, to make this truth acceptable to them, in order that they will also get the joy together with you in this community. Because this community has been united with me in heaven with all the angels and with all the saints. That is why you have to struggle to be good, much better, and better. Do not ever let yourselves fall by your own weakness. It will later endanger all of the people around you. No more self-respect. Who are you? You are God's children. That is why you have to be able to accept this Truth completely in yourselves. Do you understand?

Thank you! Moreover, you, too, Isak Doera, enough for this time, you do not go anywhere. Take care of my children. If possible, bring them in this spiritual journey, together with me, your Mother, in your community. They will not change they will not get anything. That was the history of the faith experience, it should be considered deeply. Each person will not be able to accept them just like that, not just like that. Isak Doera, think of what I said to you. Take care of yourself well, so that your health in your old age is well taken care of.

Thank you! Think of what I have said so far to you. Moreover, you two, too, and tell about it to Heribertus, too. The time will come, not very long, indeed, he will return together with you. Ask him to work together at these last moments. You, Alexius, you are the only one who has been working hard together with your Mother, together with Agnes and all them. Do you understand what I am telling you, Alexius?

Thank you, my child! Keep on trying do not be afraid. Nothing should be frightened of, nothing to be worried about, nothing and nothing, there is only "I will", I am willing to work for God, for God, just like all the prophets, all the apostles, they worked for God. Do not think any more, think, and think for your own sakes, but for God. This, I am giving to you, my priests. If you give yourselves wholly to God, it will be excellent for you. You might experience just like the prophets and the apostles who had gone before you all. They experienced, experienced... However, look at them, they were all accepting this Salvation, and you ... so that you will all be saved with the kind of lives they were living. And

arranged significantly. The colors of the rainbow were seen very brightly, while the cloud itself was light blue. No more drizzles of the rain were palpable. Yes! We remembered indeed, it had stopped drizzling when we left the hotel.

Mrs. Agnes herself was standing in the middle of the field, a little bit to the East, in front of the chapel of adoration, where it was not too crowded yet; she was looking at the rainbow, while the two hands were raised above, waving, with full of joyful expression, because at that time The Blessed Mother Mary coming down in pink light from the peak of the sky, stopped between the two rainbows, clad in simple white clothes as she revealed herself during her apparition for the Community of Charity Services of the Blessed Mother in Indonesia, and she was waving her hands to Agnes. The time between the revelation of Mother Mary and the appearance of the rainbows was very short, indeed, only about a few seconds difference.

At this apparition no special message was delivered to Agnes, only her deepest apprehension over her children who were present as pilgrims there, and who were joyfully joined the celebration to praise the Blessed Mother Mary who appeared at Fatima in 1917.

The Blessed Mother Mary said: "Agnes, look at my children, so many but ... where are their hearts, Agnes, I had given them so much, but they have forgotten the message and my wishes. They are here to be present only, to join the celebration, with full of joy, but my messages have been left out, no longer taken into notice by them, especially by the priests, as well as by the church officials at this time, whereas it was at this town that I initiated to deliver my messages for the first time through Lucia about the world purification, which will have to occur ... but, ... up to this second, they have not understood yet", that was what The Blessed Mother Mary had in her heart, as told to Agnes. Somehow Agnes asked Mother Mary to show the sign of her presence to be experienced by her other children, in order that they would also be allowed to witness them.

At the same time a gentleman of the group accompanying Agnes, saw in the sky, from where the sun had risen in the east, yellow and pink lights chasing one after another, as if trying to join the sun and the rainbow in the south. Then the sky was covered entirely by yellow and pink lights (*and this kept on occurring for about half an hour even*

*though it had started to rain*). Whereas the sun was seen shining so brightly, and at the top and left of it there were stars shining magnificently bright, much brighter than the shining of the sun itself.

Our mates, who were just coming to join Agnes, were rejoicing together, lift their two hands praising the Lord: "Praised be Lord Jesus! Thank you Lord Jesus! We did not receive the grace to see the Blessed Mother Mary, but we were sure that at that time she was present as she promised, i.e. *the signs she would give us to see the repeated events happening at Fatima in 1917*. Indeed, at that time it was only the three little shepherds who were able to see the apparition, wasn't it? The scenery of the double rainbows, which were very inspiring, was to be the indication of welcome to us who were faithful to the assignment that Mrs. Agnes had accepted to be *a delegate and witness at Fatima on that day*.

At the same time, at another place, two gentlemen of our group were caught by the police while distributing the booklets and were brought to the police station outside the Basilica yard, but at the end they were freed in the middle of the parking site. They also saw the double rainbows at that time. They were thankful to be caught by the police, because they believed God had intervened so that they were allowed to receive the grace to see the double rainbows. Otherwise, if they kept on distributing the booklets at the side of basilica, the scenery of the double rainbows would have been out of their sight because of the huge walls of the Basilica.

This scenery could unfortunately not be seen by most of the pilgrims, because they were facing north to the Fatima Basilica, or on the west side facing the chapel of apparition; In fact, not all members of our community were able to see the scenery, and this was true also to those who were still in the sacristy, like the priests and others. The members who were able to see were those who were standing facing to the south, or who were on the eastern side facing the West and who were able to see with their eye-tails the Southern side, or those who had just come from the Eastern porch. Soon some of us tried to tell people about what just happened while distributing the booklets, but unfortunately because of their lack of language abilities, no significant interest seemed to be visible among the pilgrims.

This event took place only a few minutes, our eyes had not

**themselves, the prophecies. Please enter, my children, so that you will accept them with your sincere hearts just as the prophets. They were sent to explain about God, about the Truth. That was the same as you. Only, that you were facing the world these last moments like this.**

This is what I want to tell you.

What Agnes has told you is true. An event, you were not experiencing it spiritually, where you were visiting a particular place. At that particular place my present was stated, my messages were for the world. I once more want to assure you; so big is the world so that it was possible for it to do big events, so as to cause people to be able to accept what was forwarded by someone about the truth, about my presence. I say, do not be annoyed. Do not ask, why should it be able... plausible so that it was there amongst you. Let it be as it was, the time will come, when it would be out of your lives. Do you understand what I have just told you?

Well, actually someone's ideas may as well be forwarded or one's spiritual experience be introduced, but that would not take heaven to be witness for whatever one has done. However, just pray, God is the Merciful. So what Agnes said, the Power of God does not approve all that. For there was nothing true. That is what I want to tell you. Be wise to accept the truths themselves, but be truthful in conveying the Truth, there are always bad fruits entering into those events themselves. Nevertheless, that will do and bring them into prayers. Whoever does the work; should be responsible for it. However, God is the Merciful, let us offer the entire mission to God. Do you understand?

Thank you. If you understand, be wise, and also if you were conveying this. If you have not understood yet, do not testify. First understand, and then bring it into your lives and be witnesses. Because whatever you would testify should be the same with your lives. If you have not done it yet in your lives about the Truth, but you passed it on, you would also be sinful, for whatever you passed on, had not been suited to your lives. Be careful, for satan will do as if he were doing good, it becomes bright, but later on the fruit turns out to be misleading to those people who are not wise and not deep spiritually. Be careful, my children. This is the last moment. That will do! That will do, all the events. That will do. You all are the witnesses, where I was present all

use of them to tell the truths that happen among you.

My children, I have fulfilled my promise. It was repeated again, only your hearts was thinking of something else, so that what had come, you could not accept. That was what really happened where you accepted together with Lucia. Do not talk about it again that nothing had happened. Think of it again, my children. Heaven always keeps its promise. It never fails. Whatever I asked for the sake of my children in the world, God is always willing to give it to all of you.

**My children, that was the last event and it will not repeat again after you returned to your country, it never will. Whoever open their hearts they will be witnesses themselves. God will make use of them.**

My beloved children, nothing is hidden any longer in your hearts that you do not understand. Now I, your Mother Mary, am telling you, that were my promises whatever I had given to Lucia, Jacinta and Francesco, had happened amongst you. I was present I was there. I came to pray for all of them who were present, who were gathering at that time. Agnes saw it, some of you saw it, too, and that was God's right to give it to them. Naturally, you might accept all events, but your hearts, your minds ... so that you cannot accept them. I hope that you, who were leaving, could see, but I saw your hearts were not there with those events. You were talking to yourselves, complaining, and each heart was rebelling, so that God's Graces, which were coming, which I had conveyed to you, you were not able to see them with the eyes of your faiths. Do you understand?

Well! Actually, the eyes of your faiths were able to see what had happened. However, they did see it for those who opened their hearts. And I am telling you once again, you together with Agnes, be united in one heart and one soul in my prayers together with Agnes. Accept all of it with your willing hearts, with your abandonment, with your love and your longing for God. That would make you understand and able to see. Think of what I have conveyed to you so far.

My children, everything had readily been set up. God had prepared the signs all over the world. Do not tell again that you do not understand. Do not tell that there is no purification.

**The time will come, my children, for you to understand. When that came, you would ... your hearts would scream, for all this time your hearts have not entered in those covenants**

satisfied yet in enjoying the beautiful scenery God had given us His Grace to see that morning, when the sky was becoming darker and darker, and the rain started to come down, and the rainbows disappeared from our sight in no time, except for the yellow and pink lights which kept on being visible for a time. Mrs. Agnes held down her hands, came toward us and asked us to go to the side as fast as possible, because we were only wearing a cap and T-shirt uniforms in a light-blue color. Meanwhile Agnes was not wearing a cap and no one of us was bringing an umbrella, only a warm jacket to keep our body warm, and that was all. Half running we climbed the steps in front of the chapel of reconciliation and walked inside among the crowds of the other pilgrims, who were trying to get dry. The rain came down in torrents, and in front of us there was a stage for the reporters who were preparing to make the films or the eye-view reports of the scenery of the celebration on that day. We were hoping actually that they also saw the inspiring rainbow scenery and the events of Mother Mary's revelation!

The rain was still coming down in torrents, and the place we were in was getting more crowded and some pilgrims were still walking up and down, probably they were looking for their friends, separated, or looking for a better place. We filled the time praying the Longing of God prayer by heart, even though we were standing close to one another. We had the time to know a young family from Timor Leste who had moved to Portugal, and who addressed us because they read the word 'Indonesia' on our clothes and caps. We gave them booklets we still had in hands and told them a bit of our mission.

In the meantime, praises started to fill the air by the chorus group, and rosary prayer had also begun, all were centralized in the chapel of apparition as the place of the initial celebration. The rosary prayer was prayed in all kinds of languages: Portuguese, English, German, French, uttered one after the others loudly, and sometimes in other languages that we could not catch because of the heavy rain which prevented us from hearing them properly. The "Gloria Patri..." itself was sung in Latin:

*"Gloria Patri et Filio et Spiritui Santo. Sicut erat in principio et nunc et semper, et in saecula saeculorum, Amen."*

Before the rosary prayer had finished, the rains stopped...and look up! Behind the pillars of the Basilica, on the second floor, we were able somehow to see the sun, and Mother Mary gave us other inspiring scenery of the sun. Merely because of the crowded pilgrims and the

limited situation we were in, we were not able to enjoy it fully, or to share it with our new friends from Timor Leste who had moved to Portugal. Slowly but surely we moved on bit by bit to go down the steps and down below. We took position at the steps nearby the reporter stage so as to be able to witness the procession, which had just started, rejoined with claps of hands full of joy from the pilgrims who were waving their white handkerchiefs, Portugal specialty! The 'flagmen', the altar boys, and deacons, followed by the unending priest groups, started the procession. The priests were also welcomed with full of joy by the people, whether or not they were familiar. All the three priests of ours also enjoyed the hand waves from our friends who were found in the middle of the pilgrims, and then came the bishops and all of us as well saw one of our priests, our retired bishop of Sintang, Mgr. Isak Doera, wearing his golden colored mitre, walking close to the Archbishop of Lisbon, Cardinal Jose da Cruz Policarpo. Louder shouts were heard when the procession of the statue of the Blessed Virgin Mary left the chapel of apparition and was brought down on a trail to end the procession. It took quite a long time for the procession to reach the terrace of the basilica which had been changed into the gallery for the priests; each of us took our own places and the statue of the Blessed Mother Mary was placed at the Eastern side of the altar in the front part. Precisely before the mass started, the rain came down in quite a torrent again.

The rain and the heat of the sun changed out one after the other, and we also tried to keep ourselves as dry as possible by moving to the protected terrace of the chapel of reconciliation when it rained, and back to former places in the field in front of the altar at the eastern side, when the sun shone, or when the rain only drizzled. Some of the other pilgrims lent their umbrellas to us, and even their moving seats they happened to have with them. We were grateful to God's Graces provided to us through these pilgrims.

The Eucharistic celebration could not be followed devotedly because of the rain, which sometimes was followed by a cold, and hard wind blow, or else a smelting heat of the sunshine that followed one after another. And the pilgrims were always somehow moving in the crowd, or busy opening and closing the umbrellas. The reading of the Gospel was taken from the Gospel according to John, the scripture of which was about Lord Jesus giving Mother Mary to be Mother to us represented by John the Apostle, his beloved disciple. Unfortunately, the Homily was brought out in the Portuguese, of which we did not have the translator.

In the middle of the Eucharist, Agnes was seen so intense in her

because it was God who worked in each of them. It was not your idea, either, that you entered into this mission. Just accept it! Open your hearts! Rejoice that you were called.

**Not that you were called, you understand, you have already understood. No! God, called people who did not understand in order to work completely well in the persons who did not understand.**

Do you understand what I have just said to you?

Thank you! Look...! How your God called the apostles. Who were they? They did not understand, either did not understand the reason or the goal of what is the meaning of the calling itself together with God. However, God would give the understanding to them all, so that you accept the Salvation itself from their struggles.

My children, learn to be humble, that is good for you. Humility does not know anger, not easily hurt, not easily heart-ached and so on. However, humility accepts gladly whatever there is among you and others. Humility, my children, could get over all problems that you are going to do during this mission of yours together with me, your Mother, and with Agnes. This child has become the means for you all in order that you understand that God exists and lives and His Mightiness is with you all. This is what I want to tell you. Working with God... no, you must learn and learn. From where do you learn, for God is the Highest, the Mightiest? What can you do, what power do you have, what is your ability to get over the problems that you do not understand? That is it, be humble. By being humble, you love one another, with full affection, and accept each weaknesses and strengths. Be humble, my children! Self-respect...! You will fall down with your own self-respect. That is self-respect, for the world has self-respect, but they do not have humility. They do not have love, no pure affection, but they always expect to get something from whatever they do on the journey.

My beloved children, and you too all the priests, do not belittle your hearts. God is the Greatest, the Almighty; He has the power to empower your lives while you are working, to work in these last moments. Hurry up, write down and pass on to those who have the rights to accept whatever has become heaven's message to convert the faiths, which have fallen so far. Wake up all of you to work. Do not think of how to do that, that is not necessary for you to think about. God's Way is greater than yours. Let it be, they will be witnesses and God will make

far from God. Heaven will declare, God keeps on working, God is always with His people who believe in Him. All is clear. The signs were given wherever I have been sent by God to continue the work of that salvation itself and open the way for my children. I have brought you to be witnesses on this journey. This is the last moment for the world, and no more... no more...! God has done all, but a lot of my children have not changed their lives. They keep on doing the same in their lives. I really want to address you Isak Doera. Be wise on this journey together with my children in your country, there is a lot you have to do for them.

I told you, I have sent you far away in order to understand, but after that there will be no more, it is enough that you work in your country. No more! What has been given, provided by God, has not made my children any better, and only that far; and it has not changed their lives to be better and to understand, and their abandonment to God has not reached the aim yet, that is why I have brought you far away. You are my witnesses that God has given eternal lives to those who accept the Truth and are willing to suffer in the truthfulness together with me. Happy be to you, for I brought you, gave understanding to you in order that you understand. This is what I am telling you, and I want, whatever you have received, tell it as soon as possible to your priests, and keep on working, do not worry! Whatever you do, God will give you His Blessings. Do not be afraid, nothing will happen to you.

You, too, Alexius, boost your heart! Do not belittle your heart, my child. Do something, for God will work wherever you are working in Truth.

All My children who are here, and also you who are accompanying Agnes, do not put yourselves into doubt, because you do not understand, then you let yourself be put into doubt.

**No! Not that easy to understand, but if you open your hearts and willing to accept what is demanded by heaven, you will understand all right. For it is easier to understand whatever you have received from the world. You surely understand and much cleverer to react to the facts that come from the world than to accept with your willing heart whatever comes from heaven. That is your experiences.**

All My children, since former times, the prophets were all the same; they did not understand anything. They accepted, accepted, worked, and entered into those events, but in the end they understood

contemplation. **At that moment she was communicating spiritually with Lucia, Francesco, and Jacinta, who seemed to keep their promise to be present and accompany Agnes. They were referring to the similarity of the situation of the apparition in 1917 which we were experiencing at that moment: The thunders were reverberating soundly, but without any thunderbolts (*the situation was just about the same as that on 13 August 1917*); the heavy rain drops had made the pilgrims completely wet throughout and unbearably cold, as well as the imminent heat that had caused the clothes we were wearing instantly dry.**

At the event of the last apparition on 13 October 1917, the rain fell down only once, beginning at eleven o'clock in the morning and ended at the event of apparition of the Blessed Mother Mary. However, on that day we experienced the heavy rain at least four times. When the rain had just stopped and the wind began to blow, the weather was felt unbelievably cold, as it was felt in our bones, even though we had been wearing our two-fold jackets, plus scarves and gloves. Then the significant heat had dried everything, and it was becoming so hot that we had rather open our jackets, and if possible, to change our clothes with those much thinner ones. All this happened in the middle of the Eucharistic celebration.

It was precisely the time before consecration that Mrs. Agnes asked one of us about the situation happening in the event of the year 1917, what sort of sceneries had taken place, and at what time everything occurred, as at that very moment the three little shepherds who were present were telling her that just about the same sceneries had happened at that time. At that time the rain had started to fall down at 11, while the distance between the village and Cova da Iria, which had now become the chapel of apparition, was no less than 2,5 km, the event of apparition took place between 12 to 13 hour midday. At that very time Mrs. Agnes said that Mother Mary had again given the sign. We looked at the sky, which had become clean, as if it were just cleaned up by the rain that had just stopped. It was bright blue without any clouds and the sun had shone high in the peak of the sky, but still a bit blurring to the eyes.

[The sun scenery appeared enchantingly as if it was like the usual sight we saw in Indonesia in our community, or when we experienced it individually. The sun could be seen with our bare eyes, even if it was](#)

shining in its brightest, without causing our eyes painful. The sun was in its brightly pink color, and changed into blue, then into bright green, white, and vibrating mildly, and moving to the left and to the right. This was Mother Mary's sign according to John, the apostle's revelation. (Cf. Now a great sign appeared in heaven: a woman, adorned with the sun, standing on the moon, and with the twelve stars on her head for a crown. Revelation 12:1)

The events accompanying the Apparition of the Blessed Mother Mary to the three little shepherds in 1917 had been repeated again, just as it was promised by Mother Mary herself. However, we understood that that kind of inspiring scenery was not given for all of the pilgrims throughout, in the sense that not all of them could see it.

*"Once again I am telling you; prepare yourselves together with Agnes to be witnesses to the eye of the world. Do not be afraid, all this will happen. Do not worry; **let it happen as God's Will, not your will**, but accept the assignments I have given you appropriately well. Make yourselves be well prepared, with all your honesty, all your hearts, and your togetherness, heart and soul. I have made you united with my love and affection, you are all my children as you are with me, and I will wait for you at the moment you all arrive and all will become well" (25 February 2005).*

The Eucharistic celebration was closed, again with the procession of the priests, the bishops, the statue of the Blessed Mother Mary, and once again, an ocean of waving white handkerchiefs accompanying the throne statue returns to the Chapel of Apparition. It turned out that our mates from Timor Leste also enjoyed the sun scenery, and a gentleman from Bekasi also told us the same experience about it.

There were a pair of husband and wife coming from Spain whom we told about the event of the apparition of the Blessed Mother Mary and the sun scenery that happened, looked at the sky and saw the inspiring scenery and they all believed in it. With a crying face, the father took Mrs. Agnes's hand into his, and even kissed her again and again while his tears dropped steadily.

**The Blessed Mother Mary has fulfilled all her promises to Agnes Sawarno; she has given again all she had given in 1917, here at Fatima, on 13 May 2005; so far, for about 88 years long**

and me, your Mother, through Agnes and all of you who are here. Thank you.

Till we meet again in prayer. Thank you.

On 25 June 2005, at the celebration of the Eucharist when we began to write the Booklet, Mother Mary gave us her message as follows:

### **Messages by The Blessed Mother Mary on 25 June 2005.**

My love to you, all the priests I love. You two, Alexius and Isak Doera, and also my love to Heribertus, tell him to prepare himself well, the time for him will come to be united again with you in your country.

"And I ask you, two, strengthen your hearts for you get this mission, quite a heavy assignment for you to convey the truth about whatever is demanded by heaven from you. Do it well! And I, your Mother, wants you two, to strengthen your hearts, not much... it does not depend on quantity that can do the righteousness. It is not easy...! However, be happy to you, you have been called to convey this truth on earth. That is what you have to accomplish. Alexius, and also you Isak Doera, I am telling you, take a good time to have a rest. Do not go far away. What are you looking for? You have quite a lot to do here, and once again, take care of yourselves well in your old days. Do you understand what I have said to you?

All right, all right! If you do understand, think of it! It will be better to bring my children and give them understanding at these last moments. Even though you have brought them far away, they will not understand, and also they will not change in their faiths, with all their sincerity, their conversion to return to God. It would be better if you gather them into groups, and you teach whatever you got at this moment together with me, your Mother. Isak Doera, do you understand?

All right, all right! You do understand. Take care of yourself. Do not make yourself tired on your journey by considering what you do not understand among them, and what they are looking for on the journey itself. My child, Isak Doera, that will do, it is enough that I have brought you far away in order that you understand what I have done together with them who were called to convey the truth. It should exist. If that did not exist, all of them would be drowned and far from understanding and

Please, understand... In everything that I have brought you along, please, pray, whatever the event, the problem, the joy, the suffering, if you were not praying, you will be facing conflicts one against the others. Remember, saying the prayers means that you are meeting the Lord. Whoever opens his heart with prayers, willingly, God will be present in his heart. God is present among you and gives you the understanding about whatever you do not understand. Because you do not pray, your minds become blocked and blocked. I do not say that the prophecy is becoming useless about my presence. Not that, my children. I will be present and present, and the prophecy will come true. Whoever opens his hearts, he will receive the prophecy in his life. Do you understand?

Now, you have quite understood it all right. From the beginning, it was quite understandable, but your understanding was not brought into your contemplation in your prayers. Quite understood in your minds only, had brought you into the sufferings, from your own understanding which actually you did not understand, because you did not pray.

Poor Agnes! Indeed, very heavy. I am telling you, whoever are with Agnes, united and serve together with me, your Mother, should be able to control themselves well. Do you understand?

Well, well, it does not matter. I am not being angry with you, but I want to give you spiritual understanding together with me, your Mother. I have never been angry. I love all my children, whether or not they understand the matter. I keep on praying for all of them all over the world.

Well, thank you, my children. Accept my love, a sign of remembrance to you. I am giving you strength. Accept my love. Accept my love... Agnes cries. Accept my love, my priest whom I love (*Mgr. Isak Doera, red.*), accept my love, well my priest whom I love, I am with you on your mission, Take care of Agnes; accompany her to forward the Truth. I like you.

Accept my love... This is the sign of my love... (*The Blessed Mother Mary gave the opportunity to all present to shake and kiss her hands through Mrs. Agnes' hands. This has never been experienced before, red.*)

Agnes cries ....my love. Agnes cries. Agnes cries together with you. This is the sign of my love. I give it to you all.

My love is also for my children, wherever they are, wherever you meet them; give them my love, a sign of love and affection. Peace be with you, unite into one heart and one soul, there is no difference in front of God where your hearts are open to deliver all your love to God

**the event had never been repeated, and it did not happen at the time the Pope visited Fatima, neither at the beatification of Jacinta and Francesco, even though Sister Lucia was present at that time, on 13 May 2000. Now it had been repeated again through Agnes together with the community. As a matter of fact, with a bonus of inspiring rainbows, and whatever God has started, will certainly be finished (once again, it was still a question for us before, whether the Blessed Mother Mary's presence on 13 May 2005 at Fatima was at the same time the fulfillment of her promise to Lucia in 1917, but now after the explanation of Mother Mary we believe it is).**

At the night that followed we gathered to share our experiences that day and said the night prayer together, and the following morning we celebrated the Eucharist in the chapel 'Domus Pacis' with full of gratitude. We needed Lord Jesus who had made us one with Him through His Body and Blood, which had strengthened and made us alive. When we came to the dining hall to have breakfast, the Philippine family who came from Washington, USA was waiting for us. Elaine, the daughter of the family said that she wanted very much to see Mrs. Agnes, because her mother, Mrs. Flora Ramos, had something to say to her, about her spiritual experience. They had read our booklet, and they believed in it.

Mrs. Flora caressed Mrs. Agnes and kissed her when they met each other, and said that she believed that Mrs. Agnes had been appointed by the Blessed Mother Mary to continue the mission Sister Lucia was to bear. Then she told her, her experience, referring to the experience saying that her family saw the rainbows and that Mrs. Flora also saw the pink light descending from the peak of the sky down to the middle of the rainbows. She did not see the Blessed Mother Mary, but she fully believed with joy when Mrs. Agnes told her that her eye-sight was really true, and that the Blessed Mother Mary truly appeared in the middle of the pink light. They also saw the inspiring sunshine and believed that it was the sign that God and the Blessed Mother Mary had given as it was in 1917 at Fatima.

We were very happy to hear this sharing, because this witness had strengthened us more and more that God had indeed fulfilled His Promise. On another occasion, we met some of the Pilgrims from Mexico who told us that their experiences of yesterday's weather were strange (*rainfall, blowing wind, imminent heat, wet clothes became instantly dry, and so on*).

We left Domus Pacis at Fatima with full of inspiring imagination for Santiago de Compostella through Coimbra, Braga and Tuy. After a prayer of Longing for God, one of our priests led us to share the experiences at Fatima, especially on 13 May 2005. In telling our experiences, our thoughts and feelings turned out to support in strengthening our faith. We were one in prayer hoping that God would bless the repetition of the Apparition of the Blessed Mother Mary in 1917 at the time we were present with Agnes Sawarno, and reached its goal for the conversion and preparation of the hearts of the children of God for their self-purification and the purification of the world. We were sure that God would keep on working and perfecting it after this event.

your brothers. Without suffering, you would not be able to save your brothers. Agnes is bearing the cross quite heavily. Do not blame Agnes anymore. However, it does not matter, it does not matter...

Learn to be humble in heart, my children, so that you will convey it with your faith and united with God. Be humble in heart. Without humility, my children, you will have difficulty, be worried, be afraid, to convey this Truth. Look at those who are with me. They were called to tell that God lives on earth until God returns to this earth. Through them and you as witnesses by your attitudes and behaviors, your God is accepted, and looked for. Be humble, my children. God came and left His Glory to meet you, to meet human beings. Do not you understand all that God Has done on your journey? Well, be humble! Do not do things according to your hearts' will, which are closed. However, with your open hearts, your faiths do work. Do you understand?

Be happy to you, you will be witnesses at these last moments. Agnes, this child I have brought to other countries. To each country, so that she will open again the spiritual histories about God, about the Goodness, about the Love and Affection of God to human beings. Do you understand this spiritual journey of yours, my children?

Well, since you have understood about it, please, live in God, prepare yourselves properly and be ready to suffer, do not live proudly with the graces that God has given to you, but use those graces to praise God in your lives. For, wealth cannot save you. Well, well, once again you were asked to bear the cross through Agnes. Look at Agnes, she is so suffering, not that God is not kind to her, but she is the one who will make your faith grow up again, your faith to God. Do you understand?

All right! You do understand. I am glad. You understand, but your understanding should bring about fruits for salvation for your brothers as well as for your families wherever you are. Are you all ready to suffer?

That is quite bearable. For they too, before you, they, too, were suffering because of the Truth. Now you are also willing to suffer because of the Truth together with God.

Go home now with peace, no quarrels among you any more. I wish you would all be united in one heart and one soul. If you do not understand, why do you not bring it into prayer? You forgot to say your prayers, because of the matter you were arguing, and because you did not understand, then you have been talking aimlessly without praying. Without saying the prayers you could be misguided by your own desires, supported by the world. Do you understand quite all right?

*the audience present; that was what we misinterpreted, Mother Mary. " answered the audience)*

Do you understand that they also got the sign? They did.

Why are you worried? They received them and they would be my witnesses through those signs I had given to Lucia, all the three, but it was Lucia who would continue my wish, this prophecy, that is why I had united you to Lucia. This experience would do for you, go and bring your hearts and your faiths; there are graces with you. Accept those graces in your lives in order that you come to the goal of your work together with me, your Mother Mary. Didn't you see and feel God's Grace was given to all of them?

*("What we were afraid of was that we were disappointing Mother Mary who gave us the assignment. And we felt guilty because we did not or had not believed that God had been working directly towards them, whereas we felt ourselves difficult to communicate with them because of the language, so we regarded ourselves to fail in accomplishing our assignments" we answered)*

In every matter, brings your hearts and faiths, do not bring your feelings and your minds, because those are parts of the world. But bring your hearts, my children. Be honest! Be honest to God and be honest also to your brothers. Indeed, your honesty that will enable you to communicate whatever you do not understand, you will convey it. It does not matter, my children, I do understand. However, now you understand much better what I have said to you.

Thank you to all of you, and to you too, my priests, be faithful all of you and be witnesses. (*"Mother Mary, lead us in conveying this," asked the audience)*

You do not have to say (*like that, red.*). Actually God is with all of you. Without your asking for it, as long as your hearts are open, God is with you. Well, my priests, please, understand what I am doing, you have come to all the places I have been present. Do you understand?

You do, you do. Thank you. It does not matter. Stand up all of you, do not make the same mistakes, because your work is heavy enough together with me, your Mother. Learn to be humble in heart, in order that you will not be disappointed. Learn...! Contemplate...! Because whatever is given to Agnes, accept it wholly, sufferings to save

## **SELF-PREPARATION FOR THE WORLD PURIFICATION**

The hidden third secret in the form of a apparition had been given by Sr. Lucia in 1944 and was made public by the Vatican at the time Jacinta and Francesco were beatificated on 13 May 2000, and in a complete report including the interpretation documented on 6 June 2000 (*The Book on "Fatima in Lucia's Own Words", was published by Secretariado Dos Pastorinhos Fatima, Portugal, June 2003, page 215*). Only the prophecy about "the purification of the world" was not mentioned in the interpretation on the 'apparition' given by Sister Lucia. In the event of apparition on July 1917, there was a revelation about an angel who was carrying a sword of fire; this indicated that God's Power would give a hand in the purification of the world as told by the Blessed Mother Mary in Indonesia through Mrs. Agnes Sawarno. (*Cf. Revelation 6:8 ; and the teaching by John, the Apostle, through Mrs. Agnes in the Words of Knowledge, on 13 December 2003*). God had given His Permission to the Blessed Mother Mary to prepare her children to face the purification of the world, through her presences, in her apparitions and to forward her heavenly messages about the conversion. But God's time is precise, we were asked not to count the days, but to be well prepared by returning wholly to God. The purification of the world has started and the signs have shown clearly all over the world. And its climax will come in the three days of darkness as it was prophesized by the Blessed Mother Mary, which is also found in the Bible, especially in the Book of Revelation.

What was meant by the "purification period" that reached its climax by the three days of darkness was different from the understanding of God's Descent for the second time at the Doomsday (*Cf. Rev. 20*). There were indeed a lot of messages to strengthen the children of God not to feel left alone in living up the purification period which has now been in progress.

**"I have come down here with my Son's permission. To bring over the sign that the darkness will occur for three days and three nights."**

That would really happen, in no time. In no time, indeed! This is the sign, and God has given the sign to the world. I am saying this truly. But do not be afraid, I will come down to save you. Those who believe in it will be saved. I have come down for My Son's will," (*9 June 1995*).

"Repent, my children. Repent! That is what I want to state,

because God's Mercy is working now on earth. Whoever has repented and returned to Him, he will be forgotten from all his attitudes and behaviors, his sins. That is the last justice, it is the purification, my children. This moment is the period of purification. At this time you are entering the purification period. By God's Mercy, let yourself be changed. (23 February 1999)

"That event should occur, my children. God will sanctify all His children at that time through His Power. A new world will be made ready for you. For one period God will be with you, to teach, to give, to protect, and to take care of all of you. A period will be given to you (Cf. Rev. 20). After that God will release you all alive, united and to make the earth full again. If after that period human beings fall again, and that was God's promise, God will come, and everything will come to the end." (29 November 1999)

"All my beloved children, hunger, weepings, killings, bloodshed, pains, earth-quakes, and whirl-wind storms will occur all over the world. Be well prepared and converted as from tonight and return to God, so that you may be saved throughout all those events which come down to the earth. You do not have to be afraid! Be thankful that you have a mother in heaven who is allowed to warn you of all that will happen, in order that you all are ready, heart and soul, ready for all cases possible. (15 May 2004).

"The time will come, my children, this world will be shackled by God, a colossal quake-like movement and all over! All over the world will undergo the same thing. Take care of yourselves well! Do not make sins any more! Return yourselves wholly to God." (18 February 2005).

"I will give you the sign when the time of the three days of darkness will come, just like the time I was in the sepulchre. I wanted to enter into it. This is the sign I will give to the human beings so that they will be aware of that darkness, so as to make them willing to wholly return to Me. Agnes, this is what I am telling you truly. I am not angry, but I just want to warn the human beings; at the time I come down later on, it is I who will become your judge. Therefore before I come down, please return to Me, quickly, and do not postpone it again! Agnes, I will certainly come, after this event has happened on earth. This is just a preliminary warning to My coming later." (Lord Jesus's message, on 26 July 2005)

"Don't you count the time. But be well-prepared yourselves. Time is short to God because time is His. My children, in no time you will experience the colossal quake." (25 February 2005).

restless on your mission? Where have your hearts been, my children?

Look, that prophecy has existed among you, and I added some to it. Did you see the signs? I was in that sign (*the sign in the form of rainbows and the Apparition of Mother Mary, red.*) Look, where have your hearts been? Your hearts, my children? What you asked me I had come to reveal it. I have brought you, and you accepted my presence. In some places I had appeared in order that you knew how I had been together with them to state the Truth itself, in order that I unite my children at places where I had been present. They came to God, because God did not stop to reveal Himself on this earth, I am the means of God to meet my children and you, too, who are here. Why do not you accept it with your open hearts? What are you angry for?

Well, that is why you should give your hearts wholly to God, give a little bit to me so that you will understand whatever I have given to you on your mission, and Agnes whom I have brought together with them in happiness. She is the means to convey this to you. Do not ask too much, my children. God knows whom to give and what for; why were all of them given and called and they accepted this mission.

My children, you are so afraid of the world. Why much more afraid of the world? Why ashamed to the world? For I, your Mother, did not make you ashamed.

Learn, and you will be brought to wherever I was present together with them that I called, they accepted and suffered. Not with me to have a good time, but they were willing to suffer in order to save your brothers. Accept it in your lives. That is also my sadness where you were angry. Your desire was supported by the world to draw all that I had given to you, and you were covered by the world because of your own minds. Go with faith, my children. I came, I did come together with you and I had brought you in order that you, too, experienced it together with them. Did you see that the sign was also given quite heavily to Agnes? (*The Way of the Cross, as experienced by Agnes at Santiago de Compostella, Spain, red.*) Wasn't that also a sign to you?

**That was a sign.** The sort of sign, that God has planned to save human beings. That sign was also given to you through Agnes. Which sign do you want to ask?

(*"We think that the sign was not meant to be given to us only, but to all*

**the end you will rejoice together with the world by those signs, and be proud of yourselves.** Do you understand?

All right, all right, and understand, and understand, and keep on understanding. I give you all My Blessings and go home, take My Peace on your journey. Rejoice, and praise Me in your lives, in order that you will reach your goals, which I want that you all will be happy in My Name. Do you understand?

At this very moment, I Am giving you My Blessings on this journey of yours. (*Lord Jesus was using "the tongue language", red.*) This moment, My priests, I Am uniting this blessing, wherever you gave your blessings to My children. I am Giving and making My Blessing grow in your hearts on your journey so that you may become good priests and useful for Me and for My children wherever they are. I Am blessing you in My Name. I Am uniting you on this journey through this Cross I have given to you. (*Lord Jesus used "the tongue language", red.*) Take my blessings on your journey, My children.

And you, My priests, keep on working well! Make your hearts united with Me. Look at Me, learn from Me, because I Am your Teacher and your God. Follow My step so as to enable you to come to your destination and bring My children to Me. I trust it to you, but you are not alone, I Am with you. (*Lord Jesus used "the tongue language", red.*)

### **Messages by Mother Mary at Amsterdam on 21 May 2005**

Thanks to you, my priests, my beloved children. Thank you! Thanks to you, too, all those are here now, thank you.

Thank you, thank you, and thank you. I am really glad to have brought you all here, that God has not left you behind, and God has presented Himself on this earth. God Remains as God Is in His Plan to be together with those who are united with me in happiness. All of you who are here have felt what I have been feeling, what I have given to you on this mission. All the priests and you, I had promised whatever I had given to Lucia, has happened amongst you and my children. Has it not been true, my children?

Why are your hearts so sad and afraid? I gave it to you, the signs, and I had come. Agnes was my witness, she saw me, and I gave my blessings to all my children who were there. Why were you all

"Think of what I have told you, My children. All will happen, and human beings all over the world who believe as well as those who do not believe, they all will experience it. But you will experience it with joy to accept the day of the purification, but those who do not believe, they will suffer and be gone together with the world." (*29 March 2005*)

"Not only in your country here, in all over the world the purification has started. Nature no longer becomes friendly to you, because it is God Himself who has put His Hand to give you the sign. The purification will come down soon to the earth. God's Hand will shake this nature. This is not a natural disaster, but the nature is shaken, so as to start the purification to come. Something should be done to the nature, and God himself who will shake down all of it. It has to be done like that. Those who are rightful and those who are not will be shown and exposed by God to you throughout the events, especially in your country here." (*25 June 2005*)

In her messages, The Blessed Mother Mary gave some instruct

### **Suggestion to fast on Fridays**

To prepare her children for a life of refinement and to face the climax of purification, the Blessed Mother Mary's warning was for us to return to God completely, to stay continuously close to God, to pray perseverantly, to receive the sacraments especially the Eucharistic sacrament and reconciliation, diligence in reading the Bible, and to live a solemnity life, abstinence and to fast. A special day that the Blessed Mother Mary urged us to fast is Friday, because it was the day of sorrow for Mother Mary (*The day when Lord Jesus died on the cross*).

"Well, My children who are present here, start from now on to fast on Fridays. You have to live in abstinence, to do ascetic act and pray. I am telling you this in order that you will not be empowered by satan. Get fasting, living a solemnity life, praying, gets close to God, doing goods, and you will be saved. Remember, I am telling you the truth! It will not take any time before the darkness will come. But be prepared, stay close to God, and you will be saved. I will come down to earth, to make my children well-prepared in prayer. If the time comes, do not run anywhere, but be well-concentrated in prayer, and give yourselves to God, and you will be saved. (*28 June 2005*).

"Get fasting on Fridays, abstinence, indulge in poverty life, my Blessings will be with you. For anyone who sees, do something, and do it

completely well! Those who are present in here, make up groups to make 'The Charity Services of the Blessed Mother' work properly well, and I will be with you and protect you. Do not make God's anger come down to earth, you will regret for ever. Because the time is coming soon." (21 July 2005).

Mother Mary stressed that we had really to fast, not just physically, but spiritually. "Earth wise you try to control yourselves, to be abstinent, to indulge in poverty life, and to fast. Not just earthly! You can do fasting every day. You are not angry, my children; you have been fasting, and you have done ascetic act, and you have been renounce yourselves well. You have not been too good as yet though; you have struggled for that, so that you have now become good enough; other people are feeling happy about you, and that is living a spiritual life already. Earth wise you can do something properly. You have been fasting worldly wise through all means. You do not eat, you consider to annihilate your desires to eat, and that supports the fact that you are fasting, but you minimize your eating, minimize it in worldly wise, but your life is not becoming better, that is an abuse. Do it, my children, Do it! You will be fasting on that day, but before it you have already fasted, renounce yourselves every day and praise God, and do goods to everyone, everywhere you are in, that is a spiritual fasting, my children. Do it, my children so that you can do the worldly fasting very easily." (23 February 2002)

"Well, my children, continue this Prayer of Longing for God and continue to fast for the alternation of your brothers and sisters everywhere they are, for conversion of your own, to state your weaknesses, and you are willing to return to the way of Truth. The Truth is your God Himself." (4 February 2005)

In her own message to Mrs. Agnes, The Blessed Mother Mary asked her children to pray the Prayer of Longing for God, at the end of the fasting Fridays in the family or in the community.

### **Put My CROSS in front of the house:**

"The vision of the Cross in the sky, at the feast of the Holy Cross, on 14 September 2004":

It happened in the morning, Agnes was praying, and found herself walking at a place, a large area, crowded by thousands of people. They sent a group of delegation, which claimed, that they have been long waiting for her, since she has promised to visit them.

this child, because I am with her. Look.... I will remain as I Am, My priests. No changes ever since, now and forever. That is Me, I Am Who I Am, not just the words that I have spoken. I Am Who I Am, My priests. Now answer this question of Mine in front of your God. Assure them, I Am Who I Am.

I Am the Life. No! I Am, I Am, It is Me Myself, My children, It is Me myself.

**I said to Moses, the time would come when I would come by My self and meet human beings. I would become a human being, would talk like human beings that I had created, so as to accomplish My Plan. I Am Who I Am.**

**It is I Myself. No one else, I Am Who I Am.**

**Enough! I Am Who I Am Who reign in heaven.**

**This is Me, Me, the world could not say "I", who is the world? But I said it because I Am Who I Am, and one in My Plan to save men. Well, My priests, bring along whatever I have said on this spiritual journey.**

All right, all of you together with this child, her name is Agnes. I am asking you, what does the word "Agnes" mean? ("A sweet sheep", answered the audience)

All right, Agnes, those are my sheep in all over the world. Save them! I care for My sheep. I created them and they believe in Me. That is your mission. I do love those who believe in Me. Sweet sheep. That is your mission, my priests. I am telling you this in order that you understand that I bless all your journeys. Do not worry nor be afraid, I Am with you all, with all that you have done. No more worries are to come and do not be afraid of the world, but strengthen your hearts together with me, you will be strong to face all that, and you will understand what I have given to you. The time will come for it. All the priests, do you hear Me?

Well, your ears, as well as your hearts, hear, accept, and contemplate whatever I have told you. Alright, that will do and all of you, please, work together with your Mother, and tell them what has happened among you and tell them what you have seen in your inner feelings, your eyes are to see the signs I have given to you, and those requested by Mother have been given amongst you, and amongst them. **Do not ask for any more signs, not those signs that will save you, it is quite possible that those signs will make you suffer, and in**

my children. Right, this is what I give you as an assignment after you return, do it, and do it in My Name! It is not your thoughts but your hearts, your faith. That is your strength to convey all that you have to tell to them who have misled many of my children. Who are you? However, you are big in front of them, for you have opened your hearts in your mission. So hard are their hearts, they do not want to experience the last moments, and they have been very far apart from Me, because they followed their thoughts, so that everything has happened that way. You too, whoever are here, and whoever are with Me, you would not be exempted from the temptation, but whoever keep away from Me, they would be free from the temptation. Do you understand what I said?

Devils, the time would come for them to enter into the eternal forever and ever. The places I have preserved for those who believe in them, they would be with them.

Do not ask for signs. You would not be able to bear it, and will not understand the signs I will give you. Do not you know that that sign has occurred among you? Whatever your Mother did ask, I have given it to you; it was your spiritual sensitivity that has been full of your own ideas, and your desires that caused the apparition not to happen in your lives. Remember! After My resurrection, I also showed My self to My disciples so as to make them believe. However, if after my resurrection I did not show Myself, My disciples would not have believed. Do you understand?

The apparition was also meant to remind you of the work of My Salvation together with your Mother in heaven. Do not look down on the apparition! Only by My Power can all the things appear, through My Power they are visible to human beings. If I did not appear My self in their presence among them, at the time their hearts are scared, and without hope after I died and rose. That was Me, Who started the apparitions so that all the apostles could continue to spread this good news, this Salvation that I had given to them. Do you believe in it?

Well, OK if you believe. At this very moment I am doing this, but you still do not understand. You see this child walk and talk, that is My Power. I am telling you now, do not look at this child, but look at all that I have done among you. The world can take away nothing from the life of

Mrs. Agnes was wondering, for she did not know these people. She only knew through enlightenment that they were all children of God; further more, she has never promised to come and to serve them. That is why Agnes asked Lord Jesus for help.

Suddenly, the people turned their faces to look up into the sky and fell down the ground to pray. Some of them were just kneeling; others were bowing their bodies with the faces touching the ground. There were some, who were crying for mercy, there were some others who were crying for joy, and others were clapping their hands while praising God.

At that time, the morning was bright, when suddenly a huge Cross with a bright red color, like volcano lava, was seen in the sky. The top of it touched the sky and the foot plunged deeply into the ground at the horizon. It was really an amazing view! The Cross looked alive. Only a Cross-sign without the corpus of Lord Jesus, but no one could deny that it was **the Sign of the Son of God, the Cross of Lord Jesus**, who redeems and saves His people. (Cf. "At that time, there was a sign of the Son of God in the sky". Matt. 24:30; "And I see another angel coming up from the place of the sunshine. He brings the seal of the living God", Rev. 7:2a).

In the message given to the Community of The Charity of Services of the Blessed Mother Mary" on 16 September 2004, Lord Jesus, said:

**"The Sign of My Victory is the Cross of Victory, which I have planned. The form is suited to My Will, in order that I can hang on the Cross. Not a human being who created the cross. I was the Creator of the Cross, so that you will be saved by that Cross I have given to you".**

Further, Lord Jesus does not want the crosses, which are found hanging in the houses of His children only to be decorations:

"Well, my children, all those signs found in the houses contain various kinds of things, but they are insignificant to them. I do not want all of them. But **make a sign of victory, because the time will come when you will suffer from those who do not know Me**. But when that happens in your country, please **PUT MY CROSS IN FRONT OF THE HOUSE**. If you have really entered the path of my way to Salvation, you will be safe.

Meanwhile it is only for a decoration, for a decoration.... not

accepted in human life. If that Cross were not given on this earth, you would not come to heaven. It is the Cross that brings you all into heaven. Do you understand? Because I was crucified, you will be safe from the world. Without My coming to this world to make an account of the world, you will never come to the destination, since the world will cause human beings to suffer.

I am telling you tonight, what is right is right! My words are true and without ending until I come back to the earth. Well, my children, I call you together with your Mother **to convey My Plan**. That is why I come in order that you will understand. This is I. I Am who I Am. Do you understand?

I Am who I Am. I Am YAHWE. Your ancestors' God. Abraham's God. Now I have come among you, through this child I declare this to you. The time is nearing. Remember this word of Mine, **the time is nearing**, that is why I am telling you once again, **the Cross of My victory.... whoever accepts Me, he will win the victory together with Me. That is the Cross, that brings you into heaven, to meet Me**. If you understand, do it! Tell all this to your brothers: **The time will come when they will run after you because of Me, and this will happen to your country. But remember this word of Mine, if you do it, when the time comes, you will be safe in My Name.**"

***(Lord Jesus asks his children in the Community of the Charity Services of the Blessed Mother to convey this news to all the children of God to put "the Sign of the Cross" on the outside of the door of their own houses, to give the identity to themselves as the children of God, but they should also enter into the path of Salvation of Lord Jesus, i.e. in order that they really live according to the teachings and the orders of God.)***

The time before the purification, Lord Jesus will again give the sign, **the sign of the Son of Man in the sky** (Cf. Matt. 24:30; Rev. 7: 2; The message of the apostle John in the recollection of our Community on 28 August 2005), to show His power that will soon send the climax of the purification: **"the three days of darkness"**.

"Men will be given the experience of darkness, which is unbelievably dark in order to return to God, The True Light, The Creator, The Redeemer, and The Savior!

**"Agnes, that was the sign of My first coming to give a special touch of feeling to My children on this earth. I will give a**

to be a good priest that suits My Heart.

I did not come in My Greatness, but I have come in order that you understand how I love you all. I want to save all my creations in the world. If I came with My Greatness, you would have not been able to bear it.

Unite your hearts with Me from now on, so that you will be leaving graces in your paths, leaving peacefulness, leaving joyfulness, and bringing salvation. Now look, a lot of My children have fallen into a mess because of this world. Where are those priests? This is in fact the last moment, you will become My witnesses and convey it, please, do not be afraid! I will be with you and bless whatever you do and say. Do you understand what I am telling you now?

Understand, must understand; be understood and be accepted in your mission. Well, My priests work! .... Please, work together with your Mother, work together with those I called, with this child. I have called her for your sake. It is a means to convey the content of my heart at the last moment. My Word which I gave after I have returned to heaven is not enough for them (Cf. *Catechism of the Catholic Church, The Revelation of God, #66 & 67*). I saw it was not enough, so I mobilized heaven together with your Mother to accomplish her mission until I return to earth. She is My Witness. That woman is My witness I created for you. Do you understand it now?

Understand, understand, understand, understand, and now talk... Talk with your faith, not using your mind, or your feelings, with your faith. You will not understand whatever I have been doing in this work of salvation. I will remain as I Am. I have come for you and I shall return to you. Do you understand?

And I will be with you and I live in your lives. In your heart, so you accept Me wholly. I live in you and you live in Me. I Am as I Am, your ancestors God. Now I have come, and I have stated from heaven it is Me Who created you. I am the Father Who loves you and Who has come among you. I Am the Holy Spirit. This is My Life. Do not you always question it. Accept and feel the life that I have given to you. Whoever believes in it, will rejoice in life, but whoever does not believe in it, will not receive enjoyment in their lives. They will be worried in their hearts because of the world, and worried by the world.... Happy be with you. This is Me, Who is talking. I give this child to you, so that I could meet and talk to you. Well, My priests, so far will do! Do you understand?

All right, if you have understood already, do not be afraid of whatsoever will happen in your life, because you are with me to serve

found the happiness I promised them and they have already received everything. They have now been happy with Me. Do you understand that I have been living in your lives, my priests?

Right! If you understand that I have been living in your lives, happiness will be yours, My priests. You have entered into My journey... entered within My journey. Then your whole hearts belong to Me and I am asking you to be good shepherds to My sheep wherever you are. Do not let yourselves be influenced by your worldly desires. I have come down to earth without My Glory. I have come down to earth insignificantly. Do not exalt yourself with the world, but look, I come and everything I bear, including all humiliation and suffering, but that was all My plan. Be poor in front of Me, oh my priests, but you are rich, you are above the world in order to enable you to accomplish your missions well. There is quite a lot of hypocrisy among the priests. Look at them! They were all arrogant. What have they done? Boasting, building the kingdom on the earth! I did not bring down such kingdom to the world. My Kingdom is in heaven. However, the worldly kingdom has existed and they forgot to be good shepherds of My sheep. I appointed Peter, and I would put up stones, a house, and a place where I would be living in. I would build up My house on.... Please answer, on what...? I would build up My House on...! *(On the rock, answer the priests)*

Right! If I build a house on a weak foundation, the house will break down. I Am that Rock, do you understand, my priests?

Well, you do understand, and you will never be shaken off all over the world. Through Peter I declared this fact in order that you are united with Me and meet Me through My Body and Blood, so as to accept Me on your journey of life. I Am that Rock. Do you understand?

Right! You do understand. I declare it to you, what I have said, convey it to all the other priests...whoever they are! They felt they were highly appointed priests, exalted by human beings. I gave My Blessings but... all that had happened. They forgot ... all; almost most of them showed it that way... and only a few of them were faithful to Me. Poverty...! Do you embrace any poverty, at all?

Right, flesh is too heavy to be brought to rightfulness; but today I am telling you, be poor all of you, and you will be rich in front of Me, so that you won't be drifted by the world, in order that you will be able to accept the mission well and bring My children to the right way. Rightfulness is Me. Well, you do confess all your weaknesses, but today and tomorrow and so on, I will see what kind of life you would undertake

**sign of the occurrence of the three days of darkness as if I were in the pit of a sepulcher.** I am willing to come into it. This is the sign I will give men, in order for them to be aware of the darkness and willing to return wholly to Me. Agnes, these are my words, which are true. I am not angry, but I am warning the human beings at the time I come later, it is I who will be your Judge. That is why, before I come, please return to Me hurriedly and without delay. Agnes, I will surely come after this event on the earth. This is an introduction to My coming later." *(The Messages by Lord Jesus on 26 July 1995, Cf. John 12: 35-36)*

Apostle John in his messages during the recollection at Gedang Anak, Ungaran, Central Java, on 28 August 2005, also said: " .... The Cross is the Living God Himself, the Almighty who caresses all the human beings in His Life. The Cross! He was hanging on a piece of wood as a token that God is a Living Cross. Supported and indicated by a piece of wood, so that God laid His Body and declared Himself. This is I, I Am who I Am, there is no change, because the Cross will not change. The Cross will never be lost. The time will come that the Cross will stand on the ground as a sign that the purification will soon occur. So, why it was the cross which was descended by God? Why not God Himself? If God put His Foot on this earth, what would happen? The world would have ended. God has not done it yet. Not yet!. But the purification of the world, right now is the purification for every people all over the world ...." But the sign and Salvation from Him was only given to those who believe in Him " *(Cf. John 1: 4-5, 9; 3: 18-21)*

### **Earthquakes will occur and what shall we do?**

"My children, in no time you will experience earthquakes. It is a colossal earthquake that will come down to earth. But do not be afraid, if that happens, just stay in the house and say the prayers I have taught you. Do not you run anywhere. Believe me! God's Grace will protect you all, and you will not suffer from all those events coming down to earth, because the earth will be shaken by God.

Look! You have seen, not just in your country, but in all over the world. But the time will come, when you will experience the three days of darkness. Those are the moments God will purify the world. For three days God will purify the world! And God will show what is right and what is wrong. Everything wrong coming from the world will be annihilated, and all of you will be saved from all those events.

In no time you will feel the colossal earthquake, but accept it with all your faithfulness. Please believe ...! The word 'belief' will save you because of your completely deep faithfulness to God. God says it is your faithfulness that heals you, it is your faithfulness that saves you. Faithfulness to God, be one with God." (4 February 2005).

"In a short time to come that event will occur, my children. Take care of yourselves, because that disaster will really be quite fatal to the world. Not only to you, to the world! Believe me, if that happened, you should be one in prayer, be one with your family. Get into your house, no need to run. If you run, it will show that you do not believe that your God is with you, and capable of doing every thing to protect all of you. My words are against the world's. The world says, if an earthquake occurred to the world, you had to go out of your houses, but I say, because all of us have God in heaven, when an earthquake happened, you would have to get into your own houses, say the prayers, and you would be saved. The world cannot be compared to God." (11 March 2005)

**What shall we do at the moment of climax of PURIFICATION, that is the "THREE DAYS OF DARKNESS".**

"A thick fog will come down to earth. That is the sign that will come soon, but you, my children, do not be afraid, I will be with you. Get into the house when that sign comes. Get into your own houses, all of you. Pray and be converted, you will be saved. This sign will really occur, that is why I have come down here in your country, in Indonesia, so that my children will be safe against that event, because darkness will occur in no time. This is what I want to tell you." (9 September 1995)

"Do you still remember where that event had occurred at the time Moses received the order? God order them to put a sign at their own houses. The same will happen again. This sign will be a spiritual sign which lives in the family, it will throw lights in these houses, so as to make God's Anger passes by their houses, and they will be saved. That is what I want to say, go with your spirit. In the past, the sign was given by God through Moses. Do you still remember what kind of sign was it? (*"We still remember, Mother Mary; it was the blood of a young lamb scratched on the door of their houses," answered the audience*). That was the sign that the house was full of God's Graces, but at this time, it will be your spirituality that will save you all." (23 February 1999)

"I am preparing all of you well, so that you will not become frightened when that day comes, the purification of the world (Cf. Rev.

## CLOSING MESSAGES

During the Prayer of Abandonment to God, on the closing of our spiritual journey, in a functional room at a hotel in Amsterdam, before we left to celebrate the Eucharist in the chapel, Lord Jesus and Mother Mary addressed us again and especially the priests:

### Message by Lord Jesus at Amsterdam on 21 May 2005

"I have refined your hearts, My children. And you also, the priests, do you know why I called you?

Well! You do not know yet. I have called you to continue what I have desired, after I have risen and return to heaven, and your apostles have been happy with Me. I will not make the world lack of priests, and I have called you to continue the work of My Salvation and to guide and to bring them to Me. Do you understand now?

That is your mission. Good, I have blessed you in your mission and you have declared your willingness to follow Me. Follow Me.... But I ask you whether or not you have done it well?

Well, I understand. You are aware that you are still human beings, but I have taken over your weaknesses, My priests. Do not let them arouse again, all your weaknesses that made you far apart from Me. I am telling you, be happy all that I called to enter into My journey that I am explaining it to you now to understand. However, you have learned and learned, and from a lot of human knowledge has made you unaware of your mission. Ever since I called you, I have given you My Blessings, and I have sent you to My children, but a part of your lives you are still within your worldly business. That is your weaknesses. I am telling you, you are no longer part of the world. Your hearts are with Me. Your hearts belongs to Me. However, you wondered about the world, how does the world look like? You will experience the enjoyments of the world. Well, I did not prevent you, because you are still in the world, but your steps should be certain, because My step will surely bring you to the destination and will arrive at Me. I am telling you, each step you have taken, yielded peace, goodness, and truth and salvation. Have you accomplished them in your lives so far?

Today I am telling you, do it! Each step you have left behind should bring My children to Me. This is My certain step. My destination is sure, because I Am the destination of your lives, and you will reach whatever I have told you, just as your apostles, this time they have

St. Stefanus Church at Santarem in which the monstrance of "the bleeding host" was sanctified as from the thirteenth century. A Eucharistic miracle

After the Mass, we also offered our respect to the holy host in the monstrance. Lord Jesus was present again and communicated to us through Mrs. Agnes, saying: " I am that bread which comes down from heaven. I am present at the Eucharistic celebration within the bread and the wine. Those are my Body and Blood, I make them into one for you until I will come back to be Judge to you, the believers as well to the non-believers." (Cf. John 6:58)

3: 10). That is what I want to forward to you. I am not making you afraid, My children, but I am preparing you so as to make you all ready and reconciled and be one in prayers. The prayer I have given to you (*the Prayer of Longing for God, red.*). That is the strength. Say all the prayers you have had so far, and unite them with my prayer I have given to you. That is your strength.

You don't have to worry; God's Grace will get you, my children, to gather in your own houses. That is why I am asking you to be well-prepared, especially in your family. That is your strength. My children, at the time God comes down and sees you are praising Him, praising Him in your lives, God will give His Blessings to each of the houses that He Passes. That is the time of the purification for each of you. My children, be happy for you have made yourselves well-prepared. Make yourselves go in groups or community and pray, my children. (9 December 1999).

**"The time of purification will come, my children. At the beginning I started working with Agnes, I gave the sign to Agnes together with my children. At that time there was darkness, it happened very limitedly though"**

(at Cimahi, on Monday, 9 June 1995, on that day, when the Community of Charity Services of the Blessed Mother were praying together, God's Graces gave the sign about what would happen on the three days of darkness as the climax of the world purification; the place became completely dark, the air was felt to be breathtakingly, and frighteningly silence, red.).

**God closed everything around you so that you would not hear anything else at all at that time. But that was just a little sign, my children, but the big sign will soon come down to earth, my children. The three days of darkness you will experience, but I am telling you, my children, a sign will be given to you.**

**The sign will be in the form of thick fogs coming down to earth and they smell unbearably breathtaking to your lives. Get into the house, my children, close the doors, because God's Power will occur terrifyingly to purify the world. Get into the house, and say the prayer I have taught you, go on, let God's Graces protect you all, and I, your Mother, will be with all of you. I will embrace you through God's Graces. Once again, make groups or community, when the day of purification comes, you will not be alone. When the day has**

**finished, you will not be alone, either; you will find yourselves back in your community and be in one bond and pray, everyone will rejoice in God.” (25 February 2005)**

“All My beloved children, do not be afraid, when I tell you about this. Be happy all of you, at this moment, I am telling you and making all of you well-prepared. When that day comes, you do not have to be afraid. Be united in the prayers, get into your houses and close the doors and say the prayers. Put a light on, the least you can make, will enlighten all of you. I tell you this, do so for three days. When you see lights coming into the house, that means it is finished. Go out and praise God. Be united, all of you, to praise God. This, I am giving you to understand, not to make you afraid. But I am preparing you well.” (9 March 2000)

“And you, too, My children, from this time on, you have to live in prayers in your family. That is the beginning of happiness, in order that God's Graces work in each of your families.”

**“When that day comes, God's Graces will come to each of the families of His children. If you are found you are praying, God's Graces will stop by to bless you one by one.”**

### **The PRAYER of ABANDONMENT to GOD and THE PRAYER of LONGING for GOD**

To prepare her children in undergoing purification and in facing the climax of purification of the world, Mother Mary's urgent warning was to return to God wholly, to stay continuously close to God, to be diligent in accepting the sacraments, especially the Eucharistic sacrament and the sacrament of reconciliation, to be diligent in reading the Bible, to say the prayers intensively, for instance through novena, to do goods to others with love, to live in self-denial, to fast on Fridays, especially spiritual fasting, because Friday is the sorrowful day for Mother Mary.

As a means to strengthen her children, special prayers were given by Mother Mary to her children in Indonesia, that is **The Prayer of Abandonment to God** (19 January 1996) and **The Prayer of Longing for God.** (28 August 2004) The Prayer of Abandonment is the prayer that Mother Mary herself had been practicing since she was still a youngster, when together with all the apostles, and it is the prayer she

The Convent of St. Gildard, the place where the uncorrupted corpse of St. Bernadette, was laid until now. Sr. Bernadette rejected to be called Sancta, since heaven is the peak of our happiness, not by any degree given by the 'world'. She wept because she had invited Agnes to come since 1995, and it was only at that time that her wish was fulfilled. Then, she said: “ **Make this spiritual journey, a journey to improve your faith.**”

### **Paris (France)**

The Chapel of the Miraculous Medallion, in the convent of the congregation of the Daughters of Charity founded by St. Vincent de Paul, the place where Lord Jesus and Mother Mary appeared to St. Catharina Laboure in 1830 and proclaimed Mother Mary with the title of Conceived without sin. Besides giving the Miraculous Medallion, Mother Mary also taught a prayer: “ O Mary conceived without sin, pray for us who are under your protection.” St. Catharina did not want to be called Sancta also, but just Sister, and she addressed Agnes with a message: “**Receive the graces and work with those graces.**”

At this place, Mother Mary appeared to Agnes. The statue of Mother Mary, with her hands open as a mediator of all graces, became **alive, illuminated by bright lights, and Mother Mary gave her message as follows: “Receive the graces and walk with the graces so as to reach your exact destination, which is your happiness.”**

### **Amsterdam (The Netherlands)**

The morning before returning to Jakarta, we prayed together in the meeting hall of the hotel and listened to the messages given by Lord Jesus and Mother Mary, (*These messages can be read completely on the next pages: "Closing Messages"*) and then celebrated the closing Eucharist on our pilgrimage at the Chapel of Mother of All Nations.” In this chapel we did not get any special messages via Mrs. Agnes Sawarno, neither from Lord Jesus nor Mother Mary. God the Almighty did not make any encounter either between Mrs. Agnes and the spirit of Ida Peerdeman, as it was with other spirits of the visionaries in other pilgrimage places before.

### **Loyola, (Spain)**

St. Ignatius Loyola Castle was the place where St. Ignatius Loyola was born and converted, and founded the Society of Jesus. After the Eucharistic celebration, while visiting the burials of the Jesuit priests, God's Grace presented the spirit of Father Louis Marie Andreu SJ ( 1961) to Agnes. He died after receiving the vision of the miracle, which will happen in accordance with The Blessed Mother Mary's prophecy at Garabandal.

Father Heribertus Bratasudarma SJ, the priest, was addressed by the spirit of Father Louis Marie Andreu through Mrs. Agnes: "**Be happy my confrater and friend, you are not alone, but you are with Madre Marie.**" (*The Blessed Mother Mary, red.*)

### **Lourdes, (France)**

- The place of the apparitions of Mother Mary to Bernadette Soubirous in 1858. Mother Mary introduced herself as 'the woman with immaculate conception'. The message by Mother Mary individually to Agnes was that she was brought to this place to meet and to be united with her predecessors who were also given the grace to witness the apparition, and up to now they are working together assisting Agnes through their prayers in heaven. Agnes is not left alone to work by herself.

At the Eucharistic celebration in the morning before leaving Lourdes, Lord Jesus also addressed us after laying a hand and blessing a woman from Mexico, who was suffering from a painful left shoulder. He encouraged us to be brave to be witnesses about the Truth of His Presence together with Agnes and our community, even though we were small in the world's eye. **Lord Jesus in fact declared that all of the promises have been fulfilled in the repetition of the signs at Fatima and gave His blessings to all that we had done so far.**

### **Paray le Monial (France)**

The place where Lord Jesus revealed Himself to St. Margaret Maria Alacoque in 1673, and asked for a special devotion to the Sacred Heart of Lord Jesus on every First Friday. Here St. Margaret Maria addressed Agnes through a locution and said: "**Do not let the world press you, go tell the Truth.**"

has been practicing together with all the saints in heaven. The Prayer of Longing for God is the prayer which is meant to make her children get together actively into one with God, in cases of some problems of their own, as well as in serving others. Mother Mary taught her children to be diligent in saying the prayers, and stressed that they should do so together especially, better than alone." Make yourselves into groups because it is in the groups that God will be present, you will be strengthened and you will strengthen one another."

The Prayer of Abandonment can be said as a daily prayer, as a routine prayer, or made one with the liturgical reading as well as in the Eucharistic Celebration, at the time the common prayer is said. Initiated by the statement of faithfulness, enter into contemplation, the prayer asking for the presence of the Holy Spirit (*or in the prayer of praising Veni Creator Spiritus, or Send Your Spirit, oh My God*), then back into contemplation, and next the Litany, and last is the Prayer of Abandonment:

### **The PRAYER OF ABANDONMENT TO GOD**

#### ***Litany of Abandonment to God:***

Lord Jesus, enlighten our hearts and minds by Your Holy Spirit  
Lord Jesus, teach us to be patient when we pray  
Lord Jesus, teach us to pray well  
Lord Jesus, teach us to have more faith in You  
Lord Jesus, teach us to be more abandoned to You  
Lord Jesus, we pray for Your blessing  
Lord Jesus, we pray for Your grace  
Lord Jesus, we pray for Your mercy  
Lord Jesus, we pray for Your forgiveness  
Lord Jesus, teach us to have the will to love our neighbors  
Lord Jesus, teach us to have the will to forgive our neighbors  
Lord Jesus, we long for You  
Lord Jesus, we love You  
Lord Jesus, come to us, we welcome You  
Lord Jesus, we abandon to You :

**"O' Lord Almighty,  
at this moment, I commend my spirit to You  
For the earth belongs to You, and I am Your creation"  
(Said three times) - Amen.**

At the time Mother Mary taught us the Prayer of Abandonment in the first Novena in January 1996, she started with teaching a praising prayer for Mother Mary herself, that is the first part of the Praising Prayer to Mother Mary, which was extended by the Angel Gabriel, God's Delegate, and the greeting delivered by St. Elizabeth, John The Baptist's Mother:

**"Hail Mary, full of Grace, the Lord is with thee,  
Blessed art thou among women,  
And blessed art thou, now and forever"  
(Said three times) - Amen".**

*(actually, saying our praises to Mother Mary is praising God The Creator who creates Mary without sins and preparing her spirit; in fact it took place before the world was created, i.e. to become a human being in God's Plan, to give Mother Mary as Mother to all Her children, and to accompany them until the time Lord Jesus returns again; that is why Mother Mary is praiseworthy for ever and ever, red.)*

This praising prayer usually closes **the Prayer of Abandonment** by saying it three times in a sequence after the Prayer of Our Father. But on 28 August 2004, Mother Mary put up this prayer in **the Prayer of Longing for God**, and said this prayer fifty times just as it were in the rosary chain. The Prayer of Longing for God also made use of the chain, which we call The Chain of Longing for God. This prayer is meant to train the children of Mother Mary in raising the motivation of their prayer in order to become the highest motivation: because it is longing for God. The longing for God as extended through a prayer becomes a supporting strength to return the Love of God, which has been given to us in advance through good deeds. Mother Mary wanted her children to pray diligently and to do goods! Because of that her community in Indonesia is named "The Community of the Charity Services of the Blessed Mother." (*Indonesian: "Kelompok Pelayanan Kasih dari Ibu Yang Bahagia."*) Diligent in doing goods, even longing for doing goods and raising them in prayers. The Prayer of Longing for God unites our desires to do goods together with the longing of Mother Mary who invites us to work together with her.

**The Chain of Longing for God Prayer** may use the normal rosary chain, or you can make yourself the chain prayer, as taught by the

follow Me, he is not proper to me (*Cf. Mat 16: 24*). Whoever is not willing to bear the cross of his every day life, to be united in Christ's sufferings, he is not appropriate to receive the Body and Blood of Lord Jesus to be united with Him. The experience about the apparition of God the Almighty on the sacred Host followed by the experience in bearing the cross of Lord Jesus who has saved us, will also tell us: "You are not indeed suitable to see the Glory of the Lord, but you are allowed to experience His Love" (*The message that Lord Jesus delivered to Agnes Sawarno in locution on 5 August 2005*)

After His Death on the cross, Lord Jesus rose and you, who have faith in Him, bearing your every day cross, rise together with Him spiritually. Witnesses and more detailed experiences about this event will be given separately in our Website: [www.hatiibuyangbahagia.org](http://www.hatiibuyangbahagia.org) or [www.heartoftheblessedmother.org](http://www.heartoftheblessedmother.org)

### **San Sebastian de Garabandal, (Spain)**

- The place where The Blessed Mother Mary made her appearance in front of four (4) children in 1961 -1965.

**Mother Mary told us that the events about her apparition at the place is true, by appearing to Agnes behind the Pine Hill and she also conveyed her message at the Chapel of St. Michael by saying " I once came here, I visited my children, I did not come to a place honored by the world. But I came to a small place and to your place, too."**

In the evening celebration of the Eucharist in the feast of Pentecost, Lord Jesus was present and delivered His Message about His Real Presence in the form of bread and wine in every celebration of the Eucharist. The adoration also became an act of devotion, which was recommended as well.

The next morning when we were about to leave Garabandal, we were given again the opportunity to see the enchanting image of the sun, which was very beautiful. There was a woman who saw the sun surrounded by many bright stars, and there was also another who saw the sun surrounded by four stars that went round and round.

## WITNESSES AND EXPERIENCES ON OTHER PLACES IN THE SPIRITUAL JOURNEY

After leaving Fatima, we continued our pilgrimage to some places, which were made sacred by the presence of Lord Jesus and Mother Mary in the past times. There were some important messages conveyed at those places by Lord Jesus and Mother Mary as well as by the Saints who received apparitional events.

### **Basilica Santiago de Compostela, that is the burial of the Apostle Jacobus, (Spain)**

**“At the Chapel of Adoration: Lord Jesus appeared in a vision to Agnes on the Sacred Host in the monstrance as God the Father, the Almighty, who reigns in heaven clad in a red robe with a reigning stick on His hand”.**

The basic message conveyed was: **The Sacred Host is not just a symbol**, but it is the real presence of Lord Jesus with all the powers and His Magnificence which is given as spiritual nourishment for His believers to be united with Him. The priests are therefore reminded to celebrate the Eucharist with a decent heart and together with the believers always have an honorable deepest respect in front of the Holy Sacrament.”

**After the apparition of Lord Jesus at the Chapel of Adoration, Agnes got the experience of Lord Jesus' suffering in the form of bearing Lord Jesus' Cross, not only spiritually, but physically as well, she felt the heaviness of Lord Jesus' Cross that she carried.**

This spiritual experience was not only to express how a “chosen” person actually bore a heavy cross in her life as an act of reparation for the sin of men, but more than that, the cross has a deep connection with the Eucharist. Every celebration of the Eucharist is presenting again the suffering of Lord Jesus until His Death on the cross: This is My Body, sacrificed for you; this is My Blood, which is shed for you. Also, as Lord Jesus disciples, we have to bear our own cross. *(We were asked to join in Mrs. Agnes's experience in bearing the cross of Lord Jesus in order to enliven the experience).* Whoever is not willing to bear his cross and

Blessed Mother Mary.

After making the Sign of Cross, the Sign of our Victory, say the Prayer of Abandonment to God, and followed by Credo (*I believe in God... etc.*), and then mention the intention of your Longing, what kind of good deeds you would like to do, united with the Blessed Mother Mary in heaven, asking for her support of the prayer together with The Community of the Charity Services of the Blessed Mother in heaven and with her children all over the world. Next say the prayer of Our Father, followed by 10 times the Prayer of Hail Mary and closed by the Prayer of Fatima: “O Lord Jesus, forgive us our sins, save us from the fire of hell. Lead all souls to heaven, especially those who have most need of Your Mercy, Amen.”

*(Why Fatima prayer? This is the prayer taught by Mary during Her third apparition in Fatima to Lucia, Francesco, and Jacinta on 13 July 1917. By asking us to pray it at every end of one set of chain, Mother Mary is insisting her apparition, presence, and messages in Indonesia on Refining, is related, is continued, and is accomplished by Her messages in Fatima. Red.)*

The Longing for God prayer is closed by The Glory be... Blessed be to the name of the Father... etc, then the Cross-sign again. The Longing for God prayer could be a personal prayer such as morning offering prayer or family prayer or community prayer.

Whenever we are in trouble, recite this prayer, we will be united with Mother Mary. In Her message on 28 August 2004, Mother Mary said: “Let you all be one in this prayer, be united with me, your Mother in Heaven. Here is the prayer I'm giving you, a longing for a union in me, your Mother, Mary.

Mother Mary advised us to be diligent in praying: “Go on, my child! Be patient in this waiting. If you are patient and faithful, you will experience ecstasy, but if you have many problems at the end of time and you are not faithful, you will be worried, frightened in your live. Please recite this Longing for God prayer to me, be united with me to come to the Lord Almighty who Reigns in heaven”.

**ILLUSTRATION ABOUT THE CHAIN OF THE PRAYER OF LONGING FOR GOD CAN BE SEEN AT THE BACK COVER**

1. Our Victory sign:  
In the name of Father, the Son, the Holy Spirit. Amen.
2. The Prayer of Abandonment to God:  
"Oh Lord Almighty, at this moment, I commend my spirit to You for the earth belongs to You and I am your creation" (3 X) Amen.
3. Credo :  
I believe in God, the Father almighty, Creator of heaven and earth. I believe in Jesus Christ, His only Son, our Lord. He was conceived by the power of the Holy Spirit and born of the Virgin Mary. He suffered under Pontius Pilate, was crucified, died, and was buried. He descended to the dead. On the third day He rose again. He ascended into heaven, and is seated at the right hand of the Father. He will come again to judge the living and the dead. I believe in the Holy Spirit, the holy Catholic Church, the communion of saints, the forgiveness of sins, the resurrection of the body, and life everlasting. Amen.
4. Please state our longing wishes
5. Our Father:  
Our Father who art in heaven, hallowed be thy Name, Thy kingdom come, thy will be done on earth as it is in heaven. Give us this day, our daily bread, and forgive us our trespasses, as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil. Amen
6. Greeting to Mother Mary:  
Hail Mary, full of grace; the Lord is with thee; blessed art thou among women, and blessed art thou, now and forever. Amen
7. The Fatima Prayer:  
"Oh Lord Jesus, forgive us our sins, save us from the fire of hell. Lead all souls to heaven especially those who have most need of Your mercy", Amen
8. Glory be to the Father, and to the Son, and to the Holy Spirit; as it was in the beginning, is now, and will be forever. Amen.
9. Blessed be to the Name of Jesus, Mother Mary and Saint Joseph, now and forever, Amen.
10. All the angels, and the holy ones, all apostles who art in heavens and all saints who received the Lord's peace, pray for us. Amen.
11. Our victory sign:  
In the Name of the Father, and the Son and the Holy Spirit, Amen

will be given to those who believe in Him. However, everything God has conveyed. Your priests, specially your Highest Priest, declared that they are the highest, to gather my children all over the world. They made themselves able to decide whatever has become God's decision. This is quite heavy for them. They are afraid because of the world, so that God's Word has no longer become the power for saving my children on earth.

You should tell them to introspect again whatever they have decided. **Whoever do not believe he will become part of the world, because God will no longer send any other salvation after He returned to heaven.** This is it... that you have to accomplish." (25 June 2005)

My Name is Jesus. I Am the Almighty  
"No one I delegated to save human beings on this earth.  
Only Me and Me,  
and forever and ever, until I return to earth."

And tell the others about this Truth, and I give you this mission with your Mother, Mary. It is all right, talk like human beings. I will not deny and will not blame for whatever has been written. My Words are human words together with human beings. But this one, I am telling you, I Am God the Almighty; together with this child I am addressing you. All right! From today on, I am telling you, I have forgiven all your sins and do not do anything bad and fall into sins again, and stay close to Me completely. I am cleanse your hearts tonight."

**Some messages from the Blessed Mother Mary in connection with the message for the Hierarchy and the priests**

"I am your Mother, reveal this to you, but this has been permitted by God, because I am your Mother, who has been blessed in heaven. Be happy, my children. My words are right. That is what I am telling my children all over the world. There is only one God; you believe in One, only in God, only one is your faith, your Bible, God's Words. That is what you will continue to praise God in the world." (29 November 1993)

"This is it that has become a very deep concern in heaven. God has been ignored, because the world looks big to their eyes whose faiths are weakening. My children and you, too, my priests, tell them their weaknesses so far, where they have made their decisions and ignored God to human beings. And tell them to introspect again whatsoever has been told and decided by them, for My children all over the world.

**And I would say no other Salvation has been sent down after God the Lord has returned to heaven. The Salvation has been left among you.**

It has been such a long time that Salvation has been among you until God The Lord returns to the earth, that time your God will receive the Truth done by each human beings who believe in Him, and whatever has not been done by the non-believers, the Lord will try and judge all of them. Whoever believes will enter into His Love and Affection; a fair trial

**THE MESSAGES FOR THE HIERARCHY AND FOR THE PRIESTS**

Mother Mary longed very much to work together with the priests in the present day Church just as in the past. She had worked together with the apostles in the Early Church in Jerusalem. In the messages through Mrs. Agnes Sawarno, in the prayer together with the Community of the Charity Services of the Blessed Mother, Lord Jesus as well as Mother Mary so far (1995 2005) has conveyed a lot of messages to the priests, not only those concerning lives and services of the priests, but especially in these last days talked specifically about some of the Catholic Church teachings, as the message by Lord Jesus given at the time of recollection on 8 May 2005 (*before departure to Fatima*), as follows:

"Well, My beloved priests, you all that I love in this mission, I have come among you. Rejoice all of you whom I invite in this mission. Be happy all of you! This moment I am saying to you, whoever has opened the heart in Truth together with me, I will show it in their lives what the meaning of Salvation is. Once again I am telling you all, well my priests, I am the Way of Salvation and Truth. The time will come when you understand who I really am in your lives. Part of the world does not know, but they are taking the attitude that has made lots of people go astray on this earth. But there are also quite a lot of them, My children, who are going astray because of you whom I called, the priests, you have not been working well. I called you as I promised to your apostles and you are continuing it. But what I have seen from heaven, I was disappointed... Those I have called, they did not work according to what I have been wanting. Look, so many people are going astray at this moment.

I am telling you, what is more important, the world law or My Word? But I have seen all of them; the words of the world have become a tie to you, so that you are made mistaken in understanding the Truth of Me. This is what I want to say to you. Tell them the truth "**I Am who I Am**", alive and close forever and ever. No more Salvation that comes down, and that I send down on earth until I return to this world to become the Judge to each of the human beings. There you are... because you are afraid of the world, you have disregarded the Truth of My Word, whatever has been written and written already.

Leave now and go. I will be with you all. Tell the others whatever I want it to be. Break it down! In My Name! Don't be afraid, this is the

last moment. Many priests are going astray, they have not done according to My Will. They want only to be respected and known all over the world, but they did not care about the Truth of My Word that I have said through My teaching. Whatsoever are you afraid of? It has been such a long time since I went back to heaven, and My Power has been working among you and calling you, my priests, to continue the sign of My Love to save human beings. But at this moment they are going astray because of the rules. Once again I am telling you, forward this to him! (*Pope Benedict XVI, red.*)

Tell this to **him**. It is I, the Way of Salvation and Truth. I Am God the Father The Almighty; no one else is in heaven. Only Me. This is the last moment. I sent down your Mother to earth to tell you all about it. Are you that afraid to the world? I am telling you, who are they? This is what has happened. Many people are going astray, a lot of hypocrisy among the priests. **I did not position you to be kings, but to serve.** Not that you will be hailed! I come to serve, but at this moment it has become a kingdom full of misleading. I AM the King! I come to serve you and up to now My power will come among you. Without Me, you will not be strong enough to face the world of this kind, which is misleading. In no time, I will not be among you any longer; I will accomplish it through My power. I do not want it to be like that at this last moment. So as to make you start a new life, because I have purified this world.

Once again, all the priests who are here now, be witnesses. Do not be afraid, tell them the Truth. Those regulations are misleading to you. Because you are afraid of the world, not being liked by the world, not being accepted by the world, just for a while... but accept Me in your lives, you will be saved. This is My way, I am using this child, in order that I can speak to you. Who can prevent Me together with this child. No one! The dark power will never have the power to prevent this child. Because I Am with her, and together with you, are called to work at this last moment, like this.

If you believe that what is coming is My Power through this child, that is Me. I Am who I Am. Because I always say "I"... because I Am the Almighty. No one can say: "I...!", because no one can accomplish it. Only Me! This is the fact that is neglected by the priests. They no longer recognize Me in their lives. They have worked according to their own hearts' will. What a pity!

At this last moment, it is you who are witnesses about Me in Truth. Tell them about it! Do not ask why it is Agnes I have been using,

Well, My priests, you have learned a lot about Me, about the Truth, when I called you, you learned through My Words. Is that not clear to you? So that your hearts also closed! What has happened on the earth has been misleading.... Which are more important to you, human regulations as your superiors more than the Truth of My Words, which have been written and written? Nobody would change whatever I have said in your Bible. You obey human beings so that you forget the Truth itself. I did not make you worldly kings, but I was calling you to serve and serve, and to bring My children into the whole Truth. That is your assignment, my priests. Do not soak yourselves in this world. Is the world that beautiful? I have come to serve not to be served. I am The Almighty but I Am willing to serve, coming to serve. But I saw the priests served, not serving...! Anyone, not only the priests, anyone, who believes in Me, serves. Serve one another, all of you. That is what I have taught you. To love is to serve. Because I Am the Love, I am serving... until this time I am serving as well, listening to whatever troubled your hearts, I relieved it. The world never taught nor is taught to love and to serve. Only Me! Look at them! They believed in what was created by the world. They are not able to do anything. **Meanwhile, they get nothing in their deaths.**

Talk about the Truth, talk about Me, hey priests! That is your assignment! Do not talk about the world. That is not your affair. But tell them what I desire. Baptize them in Spirit. The Spirit is Me Myself. That is your assignment. Do not seek for whatever you do not understand in this world. These are my words. Together with this child you are listening to me. I Am who I Am, and will always be. No one dares. I Am telling you, they will not dare because they could not do anything about the Truth and Salvation. They do not have heaven. Satans will never have heaven. They will enter into the everlasting fire. The time will come. Only Me! That is why I am telling you I Am the only One, only One, I Am in heaven together with you who believe in Me. This is what I Am telling you all. Look! Read what is written in My Words. " I Am telling you". Never was said: "We are telling you this". I am telling you because I can give anything that exists, including the lives of human beings. I, only Me. I am the one reigning in heaven in My Kingdom. It is I who own heaven. That is why I dare to say, follow Me! I am the Way, the Truth and Salvation, in order that you will reach the final destination, which is heaven. Where I reign, the entire heaven is with Me. All right! This is my word, and go. I bless your mission.

those who do not understand but accept Me fully in their lives.

A Mother's symbol, I Am with her. That is the world's words. I do not have a Mother. I Am who I Am. But that is something I did because I want to come as a human being in order that you can accept Me, My Presence, in the way it is. I was not born in the way a common child is born of a woman. I came. I left, through my own Power. Do not try to think about it, you will not understand it. I came through My Own Power, and I would go through My Own Power as well. Please understand it, I Am not a human being. Whatever you have accepted from your Bible, I was a human being born of Maria. That was My Plan so as to enable you to experience whatever I have given to you. But it is all right whatever is written, is written. But I want to explain to you at the last moment, I Am not a human being, I Am The Creator, Who created you with all kinds of faces like you are.

Happy be with you, your mother has come to your country to set up a community of prayer and I have blessed it. I have been with this child for quite a long time. I am telling you all, this child is not alone. I have been with her and I Am calling you together with this child to accomplish this assignment well with your Mother. Well, My children, do not think about what I have said. But contemplate it with your hearts, with your hearts.

And you, the priests, your assignments are to break it down. To break down! So, that they would know the Truth. If they asked, open your Bible and read whatever I have said in your Bible. Believe in Me or believe in the world? Just tell them. If you face their judgment later, you do not have to be afraid. I will be with you all. Be My witnesses! My Words will strengthen you all. My Words will give you understanding. Open! Let them see with their eyes! Read! **Don't you ever say that salvation is on this world. This world is full of misleading.** No, there is not! I Am not in this world with the world, I Am in heaven.

Please work, My priests. Do not keep silent and silent. Do whatever I have said to you. Prepare yourselves well, so as to make the world understand whatever they said, make a decision and the law for human beings, human's decision, will become clear. Convey My words to them. I have called them to save a lot of human beings, not to mislead.

not the priests. No! I will not be using the priests. They will twist the facts of the Truth. But this child, she does not know anything. It is I who speak in her life. Open your hearts! It is I, in reality. I Am Jesus. Together with Agnes, this child, I have come through My Power. My Power...! I am talking from heaven, and she conveys it to you. It is I Myself who am talking to you. To this child, I have given everything for the sake of all My children, in order that they return to Me. I have given all to this child. Whatever you do not understand, this child does understand. I have given her that knowledge, so as to enable her to serve My children well. This child, on the other hand, I have given her wholly to you, with all the graces just like your apostles. I have given them all the ability needed so that they are able to work and to convey the Truth about Me. I have prepared this child far before. I prepared her; with all the troubles she was able to receive this Truth. Believe Me..., whatever has been done by this child, has not been the power of darkness, or the power from her own life. That is My Power that has become one with her.

Look, what has been done by Me, but do not look at this child. But look at the fruits of what I have done together with this child. Even Satan will not be able to be against this child. Because I am with her to serve My children where ever they are.

Be happy all of you, I have chosen you to work together at these last moments with Me. Take care of yourselves well, and stay close to Me and pray in My Name. **My Name is Jesus. I Am the Almighty.** I have been so long with you, haven't you known Me in real in your lives?

I am telling you the truth, for I am the Truth. It has been so long, I promised to this child, no one will hurt you for you will be My witness at these last moments. This is the moment of purification, because human beings have fallen into sins, and a lot of my children have no longer believe in Me and leave Me for the earth's sake. All right! If you believe in all what I have said and what is happening at this moment and who I Am amongst you, and tell your Highest Priest whom I have called, but they (*Pope, the Bishops, red.*) make themselves kings, not serving! That is why there is a lot of misleading among them. No longer working together with Me. Everything I have given to them has been misused for their own sakes. Once again I am telling you, I am the Way of Truth and Life! It is I who am taking you into Salvation, for I have created you. Whoever believes and be faithful to Me, I will save him. **There is no**

**salvation coming again and no other messenger I send to come down to earth until I return to earth to be the Judge for human beings.** Those who believe as well as those who don't believe, they will come into judgment. But you who believe, you will be under one decision of love. I will give the law of love to those who believe in me. Tell them the truth and open My words in the Bible and read them with your hearts so that you will understand. I have told you, I am the Lord who became a human being (*Cf. John 1: 14*). I want to save human beings, after that I will be with you to serve you, until I return.

**“No one I delegated to save human beings on this earth. Only Me and Me, and forever and ever, until I return to earth.”**

Tell all this to them all. Break it down! Break down the door! I will be with you, don't be afraid. Nothing is hidden at the last moment like this. Tell them! Do not mislead My children again and bring them back to Me. Work all of you, and just work! Do all this! I will not leave you wherever you are working to convey this Truth to the world. Look...! They are all living happily with the world. I came, I taught all that in humility. I Am God, descended to the earth to become a human being, and I want to be with you, to live together with you, to talk to you, and to serve you. But what do you see...! 2000 years ago and up to now, what is the proof about that Salvation itself which was conveyed by your apostles I delegated to earth to preach about Me, to tell about the Truth, and Salvation.

The world cannot save you. It is the power of darkness, satan, to devastate human beings. Once again I am telling you, take care of yourselves well and stay closely and wholly to Me in order that you will not fall into temptation which comes from this world. Human regulation... How far will the perfection of the human regulation be? Well, all the priests who are here, you will become My witnesses and you will work.

**Break them down all these last moments. And tell the world that it is I who Am the Truth, God the Almighty that creates you. And I have never sent the redeemer to this world. That is satan! The devils! They build one mass. That mass misled a lot of human beings on this earth. A lot! A lot! Plenty of people! They do not believe in Me. Alright! The time will come when I will accomplish all this, that problem, and you will see, no more...!**

Those who believe in Me, they will be living joyfully after the day I have given, the sign for you. I am telling you: “Has all the misleading gone that far, all that have happened in the world? Those are My Word. My Word was ignored, annihilated. And I am telling you, use My Word to break down all those mistakes. Work together with Me, do not rely on yourselves. My Word that I have given to you, I left It in each of your hearts. They are assets in your spiritual journey.

**Be witnesses! Do not be afraid, I will be with you to accompany you in this last moment. Finish it all. Let the world seethe, because in no time My Power will come down to earth. Before coming down, let it seethe, tell them first of all that I Am God.**

**This is I, who am talking in heaven, and you are listening to me, My Power is coming amongst you, through this child I am talking to you now.**

Talking and talking... The time I came to earth, I talked, too. A lot of talking conveyed it all to men. Written down! Accepted! But afraid to proclaim the Truth which is I, Myself. No use of calling them! It would be better if I did not call them, than those misleading existed and provided. Woe to those who had provided the misleading. In fact, misleading will keep on existing until I come down to the earth, they are devils. But woe to those who had provided those misleading.

Do not put yourselves into misleading nor mislead other people about Salvation. This is what I am telling you about. Listen to Me with full attention. Be happy that you can listen to Me through this child. This is My Power; you could not bear it if I show you My self directly. You will not be able to be in that position. That is why I came down to be a human being so that human beings accept me in entity and listen to Me. If I come as God the Almighty, human beings would not have the strength to face Me.

All right, whatever your Mother desires, I will give it to her. Because she is willing to work and to serve until I return to the earth. I give her to you. For Me, she is not My Mother. I created her to make My self present to the world, to save human beings. I give her to you. Logically speaking, you will not be able to reach the stage I Have done... What has happened, whatever you have received and that you have believed as faith in your social life. You will not understand it. Happy are
